An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Incorporation by Reference

Class E airspace is published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. These updates would be published subsequently in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing to amend 14 CFR part 71 by modifying the Class E airspace extending upward from 700 feet above the surface to within a 6.8-mile (decreased from a 7.5-mile) radius of James A. Rhodes Airport, Jackson, OH; updating the geographic coordinates of airport to coincide with the FAA's aeronautical database; and removing the city associated with the airport from the header to comply with changes to FAA Order JO 7400.2P, Procedures for Handling Airspace Matters.

This action is the result of an airspace review conducted due to the decommissioning of the York VOR, which provided navigation information to this airport, as part of the VOR MON Program, and to support IFR operations at this airport.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as

the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

[Docket Number USCG–2023–0690]

RIN 1625–AA08

Special Local Regulations; Recurring Marine Events, Sector Key West, Update

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to revise existing regulations by updating the table for existing events in the Seventh Coast Guard District Captain of the Port (COTP) Key West. This action is necessary to provide for the safety of life on these navigable waters in Key West, FL. Through this notice, the current list of recurring special local regulations is updated with the removal of an event that no longer takes place, the addition of two events, and revisions to existing events. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas. The Coast Guard invites your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before December 6, 2023.

ADDRESSES: You may submit comments identified by docket number USCG–2023–0690 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant Hailye Wilson, Sector Key West, Waterways Management Division, Coast Guard; telephone (305) 292–8768 (ext. 768), email Hailye.M.Wilson@uscg.mil.

NPRM Notice of proposed rulemaking

II. Background, Purpose, and Legal Basis

The Coast Guard proposes to amend and update the annual recurring special local regulations for events in the geographic boundaries of the Seventh Coast Guard District Captain of the Port (COTP) Key West Zone that are listed in 33 CFR 100.701, paragraph (b) in Table 1 to § 100.701. The proposed rule would ensure that the public is informed of the most up to date recurring special local regulations. The current list under § 100.701, paragraph (b) in Table 1 to § 100.701 requires amendments to existing special local regulations, adds two new special local regulations expected to recur annually, and removes a special local regulation that is no longer required. The Coast Guard proposes this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

This rule proposes to make the following changes in 33 CFR 100.701 to paragraph (b) in Table 1 to § 100.701:

1. Removing the Yachting Key West Race Week special local regulation (SLR) from Line 1 since this event no longer occurs in the COTP Key West zone.
2. Moving the existing SLR in Line 2 to Line 1.
3. Moving the SLR in Line 3 to Line 2 and changing the date from the “1st Weekend of June” to “One Saturday in June.” There will also be non-substantive changes made to spelling and word usage for this SLR. In addition, a contingency will be added stating, “Depending on the weather on the day of race, the racecourse might proceed counterclockwise to accommodate for current and wind.”
4. Inserting a new SLR in Line 3 for the Annual Swim Around Key West.
5. Inserting a new SLR in Line 4 for the Alligator Reef Lighthouse Swim/ Friends of The Pool, Inc. and;
6. Moving the existing SLR in Line 4 to Line 5, and changing the event sponsor name from “Super Boat International Productions, Inc.” to “Race World Offshore.”

Marine events listed in paragraph (b) of Table 1 to § 100.701 are listed as recurring over a particular time, during each month and each year. Exact dates are intentionally omitted since calendar dates for specific events change from year to year. Once dates for a marine event are known, the Coast Guard notifies the public it intends to enforce the special local regulation through various means including a notice of enforcement published in the **Federal**

Register, Local Notice to Mariners, and Broadcast Notice to Mariners.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the special local regulations. These areas are limited in size and duration, and usually do not affect high vessel traffic areas. Moreover, the Coast Guard would provide advance notice of the regulated areas to the local maritime community by Local Notice to Mariners, Broadcast Notice to Mariners via VHF-FM marine channel 16, and the rule would allow vessels to seek permission to enter the regulated area.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it,

please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal Government, in the aggregate, or by the private sector of

\$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves revising an existing recurring event to reflect a date and time change for the event. Normally such actions are categorically excluded from further review under paragraphs L61 in Table 3–1 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1, because it involves a revised special local regulation related to a marine event permit for marine parades, regattas, and other marine events. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your

message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Submitting comments. We encourage you to submit comments through the Federal Decision-Making Portal at <https://www.regulations.gov>. To do so, go to <https://www.regulations.gov>, type USCG–2023–0690 in the search box and click “Search.” Next, look for this document in the Search Results column, and click on it. Then click on the Comment option. If you cannot submit your material by using <https://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this proposed rule for alternate instructions.

Viewing material in docket. To view documents mentioned in this proposed rule as being available in the docket, find the docket as described in the previous paragraph, and then select “Supporting & Related Material” in the Document Type column. Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions webpage. Also, if you click

on the Dockets tab and then the proposed rule, you should see a “Subscribe” option for email alerts. The option will notify you when comments are posted, or a final rule is published.

We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. Use of Foreign Return Addresses on Domestic Mailpieces

AGENCY: Postal Service™.

ACTION: Proposed rule.

SUMMARY: The Postal Service is proposing to amend *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) in various subsections to clarify the consequences of the use of a foreign return address on a domestic mailpiece.

DATES: Submit comments on or before December 6, 2023.

ADDRESSES: Mail or deliver written comments to the Director, Product Classification, U.S. Postal Service, 475 L'Enfant Plaza SW, Room 4446, Washington, DC 20260–5015. If sending comments by email, include the name and address of the commenter and send to PCFederalRegister@usps.gov, with a subject line of “Use of Foreign Return Addresses”. Faxed comments are not accepted.

You may inspect and photocopy all written comments, by appointment only, at USPS® Headquarters Library, 475 L'Enfant Plaza SW, 11th Floor

North, Washington, DC 20260. These records are available for review on Monday through Friday, 9 a.m.–4 p.m., by calling 202–268–2906.

FOR FURTHER INFORMATION CONTACT:

Catherine Knox at (202) 268–5636, Treishawna Harris at (202) 268–2965, or Garry Rodriguez at (202) 268–7281.

SUPPLEMENTARY INFORMATION: All submitted comments and attachments are part of the public record and subject to disclosure. Do not enclose any material in your comments that you consider to be confidential or inappropriate for public disclosure.

Effective April 1, 2023, DMM subsection 602.1.5.4, *Using Return Addresses*, was amended by publication in Postal Bulletin 22619 (3–9–23) to eliminate an exception that allowed a domestic mailpiece to have a foreign return address in certain circumstances as a courtesy. The Postal Service is proposing to further amend subsection 602.1.5.4 and various other subsections in the DMM to clarify the procedures applicable to the undeliverable domestic mailpieces bearing a foreign return address.

The elimination of the courtesy exception allowing foreign return addresses on domestic mailpieces under certain circumstances requires amendment of the procedures that apply to undeliverable domestic mailpieces bearing a foreign return address, which are no longer authorized under DMM 602.1.5.4. Therefore, the Postal Service is proposing to revise DMM subsections 602.1.5.4, and 609.4.3, to clarify procedures applicable to undeliverable

domestic mailpieces bearing a foreign return address.

The Postal Service is authorized pursuant to 39 U.S.C. 404(a)(1) to provide for the disposition of undeliverable mail. However, for the Postal Service to incur destination country delivery charges as a result of attempting to return certain undeliverable domestic mailpieces with a foreign return address is not practicable. Thus, under this proposed rule, such mailpieces would be handled by the Postal Service, in accordance with Postal Service's dead mail procedures.

In addition, if the proposed rule is adopted the Postal Service would also revise a few related sections of the International Mail Manual (IMM) including subsection 762.2, *Undeliverable Domestic Mail Bearing U.S. Postage and a Foreign Return Address*.

The Postal Service is proposing to implement this change effective January 1, 2024.

We believe the proposed revisions will provide customers with a more efficient mailing experience. Although exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comment on the following proposed revisions to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.
