Title: Information Collection Request for the State Water Quality Program Management Gap Analysis; EPA ICR No. 1945.01. This is a new collection.

To gather preliminary information in a short time frame, the Gap Analysis was divided into two phases. Phase I consisted of the development of an initial, national estimate of the resource gap faced by water quality management programs to provide a general idea of the magnitude of the resource gap faced by States.

In order to complete the model, EPA's Office of Wastewater Management (OWM) needs to gather data on the resources needed
