SUPPLEMENTARY INFORMATION:

I. Background

On February 25, 2005 (70 FR 9490), HUD published a proposed rule for public comment to make several revisions to the Indian Housing Block Grant (IHBG) program allocation formula authorized under section 302 of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 *et seq.*).

Through the IHBG program, HUD makes assistance available to eligible Indian tribes for affordable housing activities. The amount of assistance made available to each Indian tribe is determined using an allocation formula (IHBG Formula) that was developed jointly by HUD and Indian tribes using the procedures of the Negotiated Rulemaking Act of 1990 (5 U.S.C. 561-570). A regulatory description of the IHBG Formula is located in subpart D of the IHBG program regulations codified at 24 CFR part 1000.

HUD negotiated the February 25, 2005, proposed rule with active tribal participation and using the procedures of the Negotiated Rulemaking Act. The proposed regulatory changes reflect the consensus decisions reached by HUD and the tribal representatives on ways to improve and clarify the current regulations governing the IHBG Formula. Additional details regarding the proposed regulatory revisions are provided in the preamble to the February 25, 2005, proposed rule. The public comment period on the proposed rule closed on April 26, 2005.

This notice announces a two-day session of the negotiated rulemaking committee that developed the February 25, 2005, proposed rule. Since the negotiated rulemaking committee has

concluded its negotiations, the session will not involve the re-opening of negotiations on the consensus and nonconsensus items identified in the preamble to the February 25, 2005, proposed rule and thoroughly negotiated during the committee meetings that developed the proposed regulatory changes. Rather, the purpose of the two-day session is to provide the negotiated rulemaking committee members with the opportunity to review and consider responses to the public comments received on the February 25, 2005, proposed rule.

The two-day session will take place as described in the **DATES** and **ADDRESSES** section of this document. The session will be open to the public; however, public attendance may be limited to the space available. Members of the public may be allowed to make statements during the meeting to the extent time permits.

Dated: January 9, 2006.

Deputy Assistant Secretary for Native American Programs.

Approval and Promulgation of Implementation Plans Georgia: Approval of Revisions to the State Implementation Plan; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; reopening and extension of public comment period.

SUMMARY: EPA is extending the comment period for a proposed rule published November 29, 2005 (70 FR 71446). On November 29, 2005, EPA proposed to approve a correction to the State Implementation Plan (SIP) for the

State of Georgia regarding the State's general "nuisance" rule. EPA has determined that this rule, Georgia Rule 391-3-1.02(2)(a)1, was erroneously incorporated into the SIP. EPA is proposing to remove this rule from the approved Georgia SIP because the rule is not related to the attainment and maintenance of the national ambient air quality standards (NAAQS). At the request of several commentors, EPA is extending the comment period through January 23, 2006.

DATES: Written comments must be received on or before January 23, 2006.

ADDRESSES: Comments should be submitted to: Sean Lakeman, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.
