FOR FURTHER INFORMATION CONTACT: Ms. Millisa Gary, Procurement Analyst, Contract Policy Division, GSA, (202) 501–0699.

SUPPLEMENTARY INFORMATION:

A. Purpose

Under the Qualified Products Program, an end item, or a component thereof, may be required to be prequalified. The solicitation at FAR 52.209–1, Qualification Requirements, requires offerors who have met the qualification requirements to identify the offeror's name, the manufacturer's name, source's name, the item name, service identification, and test number (to the extent known).

The contracting officer uses the information to determine eligibility for award when the clause at 52.209–1 is included in the solicitation. The offeror must insert the offeror's name, the manufacturer's name, source's name, the item name, service identification, and test number (to the extent known). Alternatively, items not yet listed may be considered for award upon the submission of evidence of qualification with the offer.

Proposed Project: “Evaluate the Advancing Systems Improvements to Support Targets for Healthy People 2010 (ASIST2010) Program”—OMB No. 0990-NEW-Office on Women's Health.

Abstract: The Office on Women's Health is collecting data from 13 funded grantees and clients participating in ASIST2010, a three-year, cooperative agreement program. ASIST2010 uses a public health systems approach to improve performance on two or more of seven Healthy People 2010 (HP 2010) objectives that target women and/or men in six focus areas—cancer, diabetes, heart disease and stroke, access to quality health services, educational and community-based programs, nutrition and overweight, and physical activity and fitness. The goals of the ASIST2010 program are to: (1) Provide additional support to existing public health systems/collaborative partnerships to enable them to add a gender focus to HP 2010 objectives that track the health status of women and/or men, to help improve gender outcome in the targeted population and/or geographic area; (2) improve surveillance/information systems that allow tracking of program progress on HP 2010 objectives at the grantee level; and (3) develop and implement a plan to sustain the program after OWH funding ends. The sites participating in the ASIST2010 program represent four academic medical centers, three community-based organizations, two hospitals, two state health departments, one county health department, and one foundation.
