SUPPLEMENTARY INFORMATION: The Specialty Crop Committee was established in accordance with the Specialty Crops Competitiveness Act of 2004 under Title III, Section 303 of Public Law 108–465. This Committee is a permanent committee of the National Agricultural Research Extension, Education, and Economics Advisory Board (the Board). The Committee's charge is to study the scope and effectiveness of research, extension, and economics programs affecting the specialty crop industry. The congressional legislation defines "specialty crops" as fruits, vegetables, tree nuts, dried fruits and nursery crops (including floriculture). In order to carry out its responsibilities effectively, the Committee is holding these stakeholder listening sessions. The Committee seeks stakeholder input from industry and state representatives, national organizations and institutions, local producers, agricultural researchers and extension educators, and other groups interested in the issues with which the Specialty Crop Committee is charged. Comments on measures to improve the efficiency, productivity, profitability and economic stability of specialty crop producers; on regional or national data or information needed by the industry to evaluate its competitive position; and on measures designed to improve the competitiveness of research, extension and economics programs affecting the industry are particularly sought. The format will focus on several panel sessions, each relating to one or more specific issues delineated in the Committee's charge. Each panel will be followed with questions or comments by Committee members and from the floor. Opportunities for brief presentations and general discussion from the public participants will be provided. Also, written comments by attendees and other interested stakeholders will be welcomed as additional public input before and up to two weeks following the listening sessions. All statements will become part of the official public record of the Board's Specialty Crop Committee.

Done at Washington, DC, this 24th day of July, 2008.

Gale A. Buchanan,

Under Secretary, Research, Education, and Economics.

Notice of Funds Availability (NOFA) Inviting Applications for the Specialty Crop Block Grant Program–Farm Bill (SCBGP–FB)

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of withdrawal and republication of Notice of Funds Availability (NOFA) Inviting Applications for the Specialty Crop Block Grant Program–Farm Bill (SCBGP–FB).

SUMMARY: The Agricultural Marketing Service (AMS) is withdrawing the July 9, 2008, **Federal Register** notice (73 FR 39278), which was published in error, announcing the availability of approximately \$10 million in grant funds to enhance the competitiveness of specialty crops. Today's notice announces the availability of approximately \$10 million in grant funds, less USDA administrative costs, to enhance the competitiveness of specialty crops. The funds announced under this program (SCBGP–FB) are separate from the Specialty Crop Block Grant Program (SCBGP) funds announced by AMS on March 5, 2008. SCBGP–FB funds are authorized by the recently enacted Food, Conservation, and Energy Act of 2008 (the Farm Bill). The application process to apply for the SCBGP–FB funds will parallel those currently found in 7 CFR Part 1290. Regulations to implement the amendments made in the 2008 Farm Bill will be published in the near future. State departments of agriculture are encouraged to develop their grant applications promptly. The 2008 Farm Bill makes the SCBGP–FB funds available only through the end of this fiscal year (September 30, 2008). This necessitates a short application period.
