

otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application and APEA directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to: Director, Division of Environmental and Engineering Review, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

o. Comments may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7101-3]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces the submission of three proposed Information Collection Requests (ICR) to the Office of Management and Budget (OMB) entitled Superfund Orphan Share Compensation Reform Survey ICR, EPA ICR 2035.01; Superfund De Minimis Settlement Reform Survey ICR, EPA ICR 2036.01; and PRP Oversight Reform Survey ICR, EPA ICR 2037.1.

Before submitting the ICRs to OMB for review and approval, EPA is soliciting comments on specific aspects of the information collections as described at the beginning of Supplementary Information.

DATES: Comments must be submitted on or before January 8, 2002.

ADDRESSES: United States Environmental Protection Agency, Office of Site Remediation Enforcement

(MC 2273A), 1200 Pennsylvania Avenue, NW, Washington, DC 20460. Comments can also be submitted electronically via e-mail to SFRReformsICR@epa.gov. A copy of an ICR and the associated survey may be obtained on EPA's web site at <http://es.epa.gov/oeca/osre/superfund.html>, or a hard copy of an ICR and the associated survey may be obtained without charge by contacting Kim Simms at 202-564-2420.

FOR FURTHER INFORMATION CONTACT: For specific information on the individual ICRs, please contact Bruce Pumphrey at (202) 564-6076, (202) 564-0074 (Fax), e-mail: pumphrey.bruce@epa.gov.

SUPPLEMENTARY INFORMATION:

For All ICRs

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR part 9.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

A. List of ICRs Planned To Be Submitted

In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that EPA is planning to submit the following three proposed Information Collection Requests (ICR) to the Office of Management and Budget (OMB):

(1) Superfund Orphan Share Compensation Reform Survey ICR, EPA ICR 2035.01.

(2) Superfund De Minimis Settlement Reform Survey ICR, EPA ICR 2036.01.

(3) PRP Oversight Reform Survey ICR, EPA ICR 2037.1

B. Contact Individual for ICRs

Bruce Pumphrey, (202) 564-6076, (202) 564-0074 (Fax), e-mail: pumphrey.bruce@epa.gov.

C. Individual ICRs

(1) Superfund Orphan Share Compensation Reform Survey ICR, EPA ICR 2035.01.

Affected Entities: Entities potentially affected by this action are persons who have participated in the orphan share compensation reform.

Abstract: This voluntary one-time information collection is for a survey of orphan share compensation reform participants who were offered orphan share compensation as part of the reform. The survey will be administered to a non-random sample consisting of one-third (33 percent) of the settlers and one-third (33 percent) of the non-settlers for each offer extended by the Agency, subject to a minimum of three offerees in each category. The information will not be generalized to the population of relevant offerees. The information collected from this survey will be used in a broader evaluation of the orphan share compensation reform's overall effectiveness. The information will also be used to identify any revisions to the reform necessary to achieve the goal of promoting settlements with responsible parties to perform or pay for response actions. No confidential information is being collected under this ICR.

Burden Statement: This ICR has an estimated respondent burden of 825 hours and \$25,403. EPA estimates that 300 respondents will participate, with an average respondent burden of 2.75 hours and \$84.68. Responses will be one-time and voluntary, and no capital or start-up expenses will be required.

(2) Superfund De Minimis Settlement Reform Survey ICR, EPA ICR 2036.01.

Affected Entities: Entities potentially affected by this action are persons who have participated in the de minimis settlement reform.

Abstract: This voluntary one-time information collection is for a survey of

de minimis settlement reform participants who were offered a de minimis settlement as part of the reform. The survey will be administered to a non-random sample consisting of one-fifth (20 percent) of the settlors and one-fifth (20 percent) of the non-settlors for each offer extended by the Agency, subject to a minimum of three offerees in each category. The information will not be generalized to the population of relevant offerees. The information collected from this survey will be used in a broader evaluation of the de minimis settlement reform's overall effectiveness in achieving the goals of the reform (promoting early settlement with small waste contributors and minimizing their legal transaction costs) and to identify any changes necessary to achieve these goals. No confidential information is being collected under this ICR.

Burden Statement: This ICR has an estimated respondent burden of 1041 hours and \$32,743. EPA estimates that 347 respondents will participate, with an average respondent burden of 3 hours and \$94.36. Responses will be one-time and voluntary, and no capital or start-up expenses will be required.

(3) PRP Oversight Survey ICR, EPA ICR 2037.1

Affected Entities: Entities potentially affected by this action are parties that did work during FY00 under settlement agreements with EPA that provide for payment of oversight costs.

Abstract: This voluntary one-time information collection is for a survey of parties that did work during FY00 under settlement agreements with EPA that provide for payment of oversight costs. The survey will be administered to all of the approximately 230 potential respondents that are willing to voluntarily participate. The information collected from this survey will be used in a broader evaluation of the PRP Oversight Reform's overall effectiveness in promoting effective and efficient PRP oversight and identifying best practices which could be more widely applied to meet the reform's goals and objectives. No confidential information is being collected under this ICR.

Burden Statement: This ICR has an estimated respondent burden of 210 respondents at \$21,848, with an average respondent burden of 3 hours and \$104.04. Responses will be one-time and voluntary, and no capital or start-up expenses will be required.

Dated: October 19, 2001.

Barry Breen,

Director, Office of Site Remediation Enforcement.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7101-2]

Agency Information Collection Activities: Proposed Collection; Comment Request; Regulatory Pilot Projects (Project XL)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit for renewal the following continuing Information Collection Request (ICR) to the Office of Management and Budget (OMB): *Regulatory Pilot Projects (Project XL)* (EPA ICR No. 1755.06) (OMB Control No. 2010-0026, current ICR expires February 28, 2002). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before January 8, 2002.

ADDRESSES: The public may contact Mr. Brian Swett in EPA's Office of Environmental Policy Innovation for a paper copy of the ICR (free of charge). Mr. Swett may be reached by mail at the U.S. EPA Office of Environmental Policy Innovation (Mail Code 1807), 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone at (202) 260-1718, by e-mail at swett.brian@epa.gov, or by FAX at 202-260-1812.

FOR FURTHER INFORMATION CONTACT: Mr. Eric Marsh in the Office of Environmental Policy Innovation. Mr. Marsh may be reached by phone at (202) 260-2782, by e-mail at marsh.eric@epa.gov, or by FAX at 202-260-1812. Or contact Ms. Katherine Dawes in the Office of Environmental Policy Innovation. Ms. Dawes may be reached by phone at (202) 260-8394, by e-mail at dawes.katherine@epa.gov, or by FAX at 202-260-3125.

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action include XL project sponsors, XL project stakeholders, state, tribal and local

regulatory agencies, select members of the business industry, environmental organizations, industry trade associations, academics, and community members.

Title: Regulatory Pilot Projects (EPA ICR No. 1755.06) (OMB Control No. 2010-0026, current ICR expires February 28, 2002).

Abstract: In March 1995, the U.S. Environmental Protection Agency initiated Project XL in response to a challenge to transform the environmental regulatory system to better meet the needs of a rapidly changing society while maintaining the nation's commitment to protect human health and safeguard the natural environment. Project XL tests innovative ideas that demonstrate eXcellence and Leadership by those who must comply with EPA regulations and policies. To test these new ideas, Project XL gives companies, communities, local governments, military bases, and universities flexibility from certain environmental regulations in exchange for commitments to achieve superior environmental performance at less cost. Through site-specific agreements with project sponsors, EPA is gathering data and project experience that will help the Agency redesign current approaches to public health and environmental protection. Under Project XL, sponsors—private facilities, multiple facilities, industry sectors, Federal facilities, communities, universities, and states—can implement innovative strategies that produce superior environmental performance, provide flexibility, cost savings, paperwork reduction or other benefits to sponsors, and promote greater accountability to stakeholders.

The intent of Project XL is to allow the EPA to experiment with untried, potentially promising regulatory approaches, both to assess whether they provide superior environmental performance and other benefits at the specific facility affected, and whether they should be considered for wider application. Such pilot projects allow the EPA to proceed more quickly than would be possible when undertaking changes on a nationwide basis. EPA may modify rules, on a site- or state-specific basis, that represent one of several possible policy approaches within a more general statutory directive, so long as the alternative being used is permissible under the statute.

The adoption of such alternative approaches or interpretations in the context of a given project does not, however, signal EPA's willingness to
