SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d), 735(d), and 777(i) of the Tariff Act of 1930, as amended (the Act), on October 28, 2024, Commerce published its affirmative final determination of sales at less than fair value (LTFV) of shrimp from Indonesia,¹ and its affirmative final determinations that countervailable subsidies are being provided to producers and exporters of shrimp from Ecuador, India, and Vietnam.²

On December 12, 2024, pursuant to sections 705(d) and 735(d) of the Act, the ITC determined Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of dumped imports of shrimp from Indonesia, and subsidized imports of shrimp from Ecuador, India, and Vietnam, within the meaning of sections 705(b)(1)(A)(i) and 735(b)(1)(A)(i) of the Act.³ On December 17, 2024, the ITC published its final determinations in the **Federal Register**.⁴

Scope of the Orders

The merchandise covered by these orders is frozen warmwater shrimp from Ecuador, India, Indonesia, and Vietnam. For a complete description of the scope of the orders, see the appendix to this notice.

AD Order

On December 12, 2024, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of shrimp from Indonesia that are sold in the United States at LTFV.⁵ Therefore, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing this AD order. Because the ITC determined that imports of shrimp from Indonesia are materially injuring a U.S. industry, unliquidated entries of such merchandise from Indonesia, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duty deposits equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of shrimp from Indonesia. Antidumping duties will be assessed on unliquidated entries of shrimp entered, or withdrawn from warehouse, for consumption on or after May 30, 2024, the date of publication of the *LTFV Preliminary Determination*,⁶ but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination, as further described below.

Continuation of Suspension of Liquidation and Cash Deposits—AD

Except as noted in the "Provisional Measures—AD" section of this notice, Commerce intends to instruct CBP to continue to suspend liquidation on all relevant entries of shrimp from Indonesia, in accordance with section 736 of the Act. Because the estimated weighted-average dumping margin calculated for PT Bahari Makmur Sejati (BMS) in the *Final Determination* was zero,⁷ entries of subject merchandise produced and exported by BMS will not be subject to this order. Accordingly, Commerce will direct CBP not to suspend liquidation of, or to require
