Dimethoate Products Cancellation Order and Label Amendment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's cancellation order for the product and use cancellations as requested by companies (hereafter collectively referred to as the "EUP Registrants") that hold the registrations of pesticide End-Use Products (EUPs) containing the active ingredient dimethoate and accepted by EPA, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This order follows up a January 10, 2002 notice of receipt from the EUP Registrants, of requests for cancellations and or amendments of their dimethoate product registrations to terminate all indoor uses, certain agricultural uses and certain outdoor non-agricultural uses. In the January 10, 2002 notice, EPA indicated that it would issue an order granting the voluntary product and use registration cancellations unless the Agency received any substantive comment within the comment period that would merit its further review of these requests. The Agency did not receive any comments. Accordingly, EPA

hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provisions of this cancellation order.

DATES: The cancellations are effective on March 13, 2002.

The PIRIB telephone number is (703) 305-5805.

II. Receipt of Requests to Cancel and Amend Registrations to Delete Uses

A. Background

Certain registrants requested in letters dated July, August, September, and October, 2001, that their dimethoate registrations be amended to delete all indoor uses and certain agricultural uses, as described below. The requests also included deletions of outdoor non-agricultural uses from the labeling of certain end-use products so that such products would be labeled for agricultural uses only. Similarly, other dimethoate end-use registrants requested voluntary cancellation of their dimethoate EUP registrations with indoor use and/or certain outdoor non-agricultural uses. EPA announced its receipt of these above-mentioned cancellation requests in a **Federal Register** Notice dated January 10, 2002 (67 FR 1345)(FRL-6817-5).

These requested cancellations and amendments are consistent with the requests in December 2000 by the manufacturers of dimethoate technical products, and EPA's approval of such requests, to terminate all residential uses and certain agricultural uses from their dimethoate product registrations.

The indoor uses and agricultural uses subject to cancellation are identified in the list below:

List—Uses Requested for Termination

- *Residential and public area uses.* Any use in or around a structure used as a residence or domestic dwelling, or on any articles or areas associated with such structures (including household contents, home gardens, and home greenhouses).
- Any use in public or private building or structure (including recreational facilities, theaters, hotels, resorts, or other buildings used for public accommodation, or in any other commercial, industrial, or institutional building), or on any articles or areas associated with such structures, including refuse areas, building contents and landscaping and playgrounds.
- *Agricultural uses.* Housefly treatments on farm buildings and structures, farm animals, and manure piles.

In today's Cancellation Order, EPA is approving the registrants' requested cancellations and amendments of their dimethoate end-use products registrations to terminate all uses identified in the list above.

B. Requests for Voluntary Cancellation of End-Use Products

The end-use product registrations for which cancellation was requested are identified in the following Table 1.

TABLE 1.—END-USE PRODUCT REGISTRATION CANCELLATION REQUESTS

Company	Registration No	Product
Bonide Products, Inc.	4-256	Bonide Systemic Insecticide

EPA did not receive any comments on the requests for cancellation of dimethoate products for residential use and the agricultural uses described above. Accordingly, the Agency is issuing an order in this notice canceling the registrations identified in Table 1, as requested by the EUP registrants.

C. Requests for Voluntary Amendments of End-Use Product Registrations to Terminate Certain Uses

Pursuant to section 6(f)(1)(A) of FIFRA, many EUP Registrants submitted requests to amend a number of their dimethoate end-use product registrations to terminate the uses identified in the List above or any other

uses as specified for each product in the January 10, 2002, Dimethoate 6(f) Notice and reiterated in Table 2 below. EPA did not receive any comments expressing a need for any of the uses for which termination was requested. The registrations for which amendments to terminate specific uses were requested are identified in the following Table 2:

III. Cancellation Order

Pursuant to section 6(f) of FIFRA, EPA hereby approves the requested cancellations of dimethoate product and use registrations identified in Tables 1 and 2 of this Notice. Accordingly, the Agency orders that the dimethoate end-use product registrations identified in Table 1 are hereby canceled. The Agency also orders that all of the end-use product registrations identified in Table 2 are amended to cancel those uses identified in List 1. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 in a manner inconsistent with the terms of this Order or the Existing Stock Provisions in Unit IV of this Notice will be considered a violation of section 12(a)(2)(K) of FIFRA and/or section 12(a)(1)(A) of FIFRA.

IV. Existing Stocks Provisions

For purposes of this Order, the term “existing stocks” is defined, pursuant to EPA’s existing stocks policy (56 FR 29362, June 26, 1991), as those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the amendment or cancellation. The existing stocks provisions of this Cancellation Order are as follows:

1. *Distribution or sale of products bearing instructions for use on agricultural crops.* The distribution or sale of existing stocks by the registrant of any product listed in Table 1 or 2 that bears instructions for use on the agricultural crops identified in List 1 will not be lawful under FIFRA 1 year after the effective date of the cancellation order, except for the purposes of shipping such stocks for export consistent with section 17 of FIFRA or for proper disposal. Persons other than the registrant may continue to sell or distribute the existing stocks of any product listed in Table 2 that bears instructions for any of the agricultural uses identified in List 1 after the effective date of the cancellation order.

2. *Distribution or sale of products bearing instructions for use on outdoor non-agricultural sites.* The distribution or sale of existing stocks by the registrant of any product listed in Table 1 or 2 that bears instructions for use on outdoor non-agricultural sites will not be lawful under FIFRA 1 year after the effective date of the cancellation order, except for the purposes of shipping such stocks for export consistent with section 17 of FIFRA or for proper disposal. Persons other than the registrant may continue to sell or distribute the existing stocks of any product listed in Table 1 or 2 that bears instructions for use on

outdoor non-agricultural sites after the effective date of the cancellation order.

3. *Distribution or sale by the registrant of products bearing instructions for use on indoor sites.* The distribution or sale of existing stocks by the registrant of any product listed in Table 1 or 2 that bears instructions for use at or on any indoor sites(except mushroom houses), shall not be lawful under FIFRA as of the effective date of the cancellation order, except for the purposes of shipping such stocks for export consistent with section 17 of FIFRA or for proper disposal.

4. *Distribution or sale by persons other than the registrant of existing stock of products for indoor use.* The distribution or sale of existing stocks by any person other than the registrants of products listed in Table 1 or 2 bearing instructions for any indoor uses except mushroom houses will not be lawful under FIFRA after December 31, 2002, except for the purposes of shipping such stocks for export consistent with section 17 of FIFRA or for proper disposal.

5. *Use of existing stocks.* EPA intends to permit the use of existing stocks of products listed in Table 1 or 2 until such stocks are exhausted, provided such use is in accordance with the existing labeling of that product.
