DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD–2021–OS–0102]

Proposed Collection; Comment Request

AGENCY: The Office of the Under Secretary of Defense for Acquisition and Sustainment, Department of Defense (DoD).

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of Local Defense Community Cooperation announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by December 13, 2021.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: DoD cannot receive written comments at this time due to the COVID–19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Office of Local Defense Community Cooperation, 2231 Crystal Drive, Arlington, VA 22202, ATTN: Mr. James Holland or call 703–697–2188.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: OLDCC Military Installation Sustainability Program of Assistance Grant Proposals; OMB Control Number 0704–MISP.

Needs and Uses: The Office of Local Defense Community Cooperation (OLDCC), in coordination with the other Federal Agencies, delivers a program of technical and financial assistance to enable states and communities to plan and carry out civilian responses to workforce, business, and community needs arising from Defense actions; cooperate with their military installations and leverage public and private capabilities to deliver public infrastructure and services to enhance the military mission, achieve facility and infrastructure savings as well as reduced operating costs; and increase military, civilian, and industrial readiness and resiliency, and support military families.

Respondents will be submitting information requesting OLDCC assistance for the Military Installation Sustainability program of assistance. Respondents will be States, United States Territories, counties, municipalities, other political subdivisions of a state, special purpose units of a state or local government, other instrumentalities of a state or local government, and tribal nations supporting a military installation or the defense industrial base. The collection instrument for the Military Installation Sustainability program of assistance will be a proposal package prepared in accordance to a Federal Funding

Opportunity Announcement posted in the **Federal Register**. Proposals may be submitted electronically via email, or printed copy by mail or hand-delivered to OLDCC.

Affected Public: State, Local, or Tribal Government.

Annual Burden Hours: 480.

Number of Respondents: 12.

Responses per Respondent: 1.

Annual Responses: 12.

Average Burden per Response: 40 hours.

Frequency: Annually.

Proposals consist of the following information: A description of the proposed project, a description of the partner jurisdictions, agencies, organizations, key stakeholders, and their roles and responsibilities to carry out the proposed project, a description of the anticipated role of the installation(s) in the project and evidence of local installation support for the proposal, a summary of requested grant funds and other existing sources of funds, a sufficiently detailed project schedule, a description of metrics to be tracked and evaluated over the course of the project, evidence of the intended recipient's ability and authority to manage grant funds, and documentation that the Submitting Official is authorized by the respondent jurisdiction(s) and the respondent jurisdiction is an eligible entity to submit a proposal and subsequently apply for assistance. More specific details will be available in the Federal Funding Opportunity Announcement published in the **Federal Register**.

Dated: October 8, 2021.

Kayyonne T. Marston,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2021–SCC–0086]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; National Study To Inform the 21st Century Community Learning Centers (CCLC) Program (Second Study Component)

AGENCY: Institute of Educational Science (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before November 15, 2021.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox. Comments may also be sent to ICDocketmgr@ed.gov.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Erica Johnson, 202-245-7676.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: National Study to Inform the 21st Century Community Learning Centers (CCLC) Program (Second Study Component).

OMB Control Number: 1850-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 1,922.

Total Estimated Number of Annual Burden Hours: 707.

Abstract: The 21st CCLC program funds services during non-school hours, primarily during the school year. The services aim to help students meet state academic standards, particularly for students in low-performing schools that serve high concentrations of low-income families. Most participants (71 percent) are students attending afterschool centers during the school year, with the remainder being family members (14 percent) or summer attendees (15 percent). Afterschool centers supported by program funds provide a broad range of activities and services, such as academic enrichment, physical activity, service learning, and activities to engage families. Program activities and services may play a crucial role in addressing the substantial learning loss and other challenges that have occurred as a result of the COVID-19 pandemic.

This study will have two components. The first is a national snapshot of strategies that afterschool centers in the 21st CCLC program use to serve their students and families. The national snapshot will complement and extend information from the program's annual performance measures by providing an in-depth understanding of the key outcomes centers aim to promote and the diverse ways their activities and services for students and families, supports for staff, and improvement strategies are designed to promote these outcomes. Describing these strategies can provide insights into ways that centers seek to address longer-term challenges, such as learning loss and trauma, stemming from the pandemic. The second component is an evaluation of a continuous quality improvement system implemented in the program's afterschool centers. The evaluation will examine the implementation and effectiveness of a system focused on improving staff practices that promote students' social and emotional skills. Promoting these skills may be particularly important to compensate for the effects of the pandemic, in light of evidence that remote learning has negatively affected students' social and emotional well-being.

This package is the second of two packages. It only requests clearance for data collection activities that will occur after March 2022 and impose burden on respondents. A previously submitted package (ICR Reference No. 202102-1850-003; OMB Control No. 1850-0964) requested clearance for data collection activities that will occur before March 2022.

Dated: October 8, 2021.

Juliana Pearson,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP21-467-000]

Texas Gas Transmission, LLC; Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Henderson County Expansion Project, Request for Comments on Environmental Issues, and Schedule for Environmental Review

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental impact statement (EIS) that will discuss the environmental impacts of the Henderson County Expansion Project (Project) involving construction and operation of facilities by Texas Gas Transmission, LLC (Texas Gas) in Henderson and Webster Counties, Kentucky and Posey and Johnson Counties, Indiana. The Commission will use the EIS in its decision-making process to determine whether Texas Gas's proposed Project is in the public convenience and necessity. The schedule for preparation of the EIS is discussed in the *Schedule for Environmental Review* section of this notice.

As part of the National Environmental Policy Act (NEPA) review process, the Commission takes into account concerns the public may have about proposals and the environmental impacts that could result whenever it considers the issuance of a Certificate of Public Convenience and Necessity. This gathering of public input is referred to as "scoping." By notice issued on July 29, 2021, in Docket No. CP21-467-000, the Commission opened a scoping period for the Project. Commission staff intends to prepare an EIS that will address the concerns raised during the initial scoping process and comments received in response to this notice.

By this notice, the Commission requests public comments on the scope of issues to address in the EIS, including comments on potential alternatives and impacts, and any relevant information, studies, or analyses of any kind concerning impacts affecting the quality
