Federal Energy Regulatory Commission

[Docket No. CP10–472–000]

Kinder Morgan Interstate Gas Transmission LLC; Notice of Request Under Blanket Authorization

July 26, 2010.

Take notice that on July 20, 2010, Kinder Morgan Interstate Gas Transmission LLC (KMIGT), PO Box 281304, Lakewood, Colorado 80228–8304, filed a prior notice request pursuant to sections 157.205, 157.208, and 157.210 of the Commission’s regulations under the Natural Gas Act (NGA) for authorization to replace, construct and operate certain mainline pipeline and ancillary facilities primarily to serve a new ethanol plant in Adams County, Nebraska, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

KMIGT states that as a result of wrinkle bends, which have caused the

pipeline to become physically deteriorated, approximately 11.4 miles of its 16-inch Franklin to Hastings Pipeline needs to be replaced. KMIGT asserts that, in response to the developing market for natural gas and to develop firm transportation to serve ethanol production facilities in the Midwest, KMIGT held an open season from July 2, 2010 through July 9, 2010 seeking support to expand its firm transportation capacity. As a result of the open season, KMIGT states that it has entered into a binding precedent agreement with Aventine Renewable Energy—Aurora West, LLC to provide up to 10,000 dekatherms per day of natural gas to serve its new ethanol plant located near Aurora, Nebraska. Accordingly, KMIGT proposes to replace 11.4 miles of the Franklin to Hastings Pipeline with 20-inch pipe to serve the increase in firm load. In addition, KMIGT proposes to construct and operate certain ancillary facilities. KMIGT estimates cost of constructing the proposed facilities is \$23,511,100.

Any questions regarding the application should be directed to Robert F. Harrington, Vice President, Regulatory, Kinder Morgan Interstate Gas Transmission LLC, 370 Van Gordon Street, Lakewood, Colorado 80228–8304, by telephone (303) 763–3258, or by facsimile at (303) 984–3272, or by e-mail at Robert_Harrington@kindermorgan.com.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission’s Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission’s staff may, pursuant to section 157.205 of the Commission’s regulations under the NGA (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the

Commission’s Web site (<http://www.ferc.gov>) under the “e-Filing” link.

Kimberly D. Bose,
Secretary.

Electric Quarterly Reports; Strategic Energy Management Corp.; Solaro Energy Marketing Corporation; Notice of Revocation of Market-Based Rate Tariff

July 23, 2010.

On June 25, 2010, the Commission issued an order announcing its intent to revoke the market-based rate authority of the above captioned public utilities, which had failed to file their required Electric Quarterly Reports.¹ The Commission provided the utilities fifteen days in which to file their overdue Electric Quarterly Reports or face revocation of their market-based rate tariffs.

In Order No. 2001, the Commission revised its public utility filing requirements and established a requirement for public utilities, including power marketers, to file Electric Quarterly Reports summarizing the contractual terms and conditions in their agreements for all jurisdictional services (including market-based power sales, cost-based power sales, and transmission service) and providing transaction information (including rates) for short-term and long-term power sales during the most recent calendar quarter.²

In the June 25 Order, the Commission directed Strategic Energy Management Corp. and Solaro Energy Marketing Corporation to file the required Electric Quarterly Reports within 15 days of the date of issuance of the order or face revocation of their authority to sell power at market-based rates and termination of their electric market-based rate tariffs.³

¹ *Electric Quarterly Reports*, 131 FERC ¶ 61,272 (2010) (June 25 Order).

² *Revised Public Utility Filing Requirements*, Order No. 2001, 67 Fed. Reg. 31,043, FERC Stats. & Regs. ¶ 31,127, *reh’g denied*, Order No. 2001–A, 100 FERC ¶ 61,074, *reconsideration and clarification denied*, Order No. 2001–B, 100 FERC ¶ 61,342, *order directing filings*, Order No. 2001–C, 101 FERC ¶ 61,314 (2002), *order directing filing*, Order No. 2001–D, 102 FERC ¶ 61,334 (2003).

³ June 25 Order at Ordering Paragraph A.

The time period for compliance with the June 25 Order has elapsed. The two companies identified in the June 25 Order (Strategic Energy Management Corp. and Solaro Energy Marketing Corporation) have failed to file their delinquent Electric Quarterly Reports.

The Commission hereby revokes the market-based rate authority and terminates the electric market-based rate tariffs of the above-captioned public utilities.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2010-0560; FRL-9184-4]

Call for Information: Information on Greenhouse Gas Emissions Associated With Bioenergy and Other Biogenic Sources

AGENCY: Environmental Protection Agency (EPA).

ACTION: Call for Information; correction.

SUMMARY: The Environmental Protection Agency published in the **Federal Register** on July 15, 2010 a Call for Information to solicit information and viewpoints from interested parties on approaches to accounting for greenhouse gas emissions from bioenergy and other biogenic sources. Inadvertently, incorrect text was published for one of the items on which EPA seeks comment in Section I.D. This document corrects both that text and a typographical error in a separate reference to the Clean Air Act in Section I.D.

FOR FURTHER INFORMATION CONTACT: Jennifer Jenkins, Climate Change Division, Office of Atmospheric Programs (MC-6207), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; *telephone number:* (202) 343-9361; *fax number:* (202) 343-2359; *e-mail address:* jenkins.jennifer@epa.gov.

SUPPLEMENTARY INFORMATION:

Corrections

EPA published a Call for Information in the **Federal Register** (75 FR 41173) on July 15, 2010. In the published document, the text of the first bulleted item in Section I.D (beginning on page 41175, third column) was incorrect. The correct text for that item is as follows:

- *Biomass under PSD/BACT.* What criteria might be used to consider biomass fuels and

the emissions resulting from their combustion differently with regard to applicability under PSD and with regard to the Best Available Control Technology (BACT) review process under PSD?

In addition, the first full sentence of the third bulleted item in Section I.D (first column, page 41176) contained a typographical error. The correct text for that sentence is: "The Clean Air Act (CAA) provisions typically apply at the unit, process, or facility scale, whereas the IPCC Guidance on accounting for GHG emissions from bioenergy sources was written to be applicable at the national scale."

Dated: July 27, 2010.

Brian McLean,
Director, Office of Atmospheric Programs.

Draft Toxicological Review of Hexachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of peer review workshop.

SUMMARY: EPA is announcing that Versar, Inc., an EPA contractor for external scientific peer review, will convene an independent panel of experts and organize and conduct an external peer review workshop to review the draft human health assessment titled, "Toxicological Review of Hexachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R-09/007). The draft assessment was prepared by the National Center for Environmental Assessment (NCEA) within the EPA Office of Research and Development.

EPA is releasing this draft assessment solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This draft assessment has not been formally disseminated by EPA. It does not represent and should not be construed to represent any Agency policy or determination.

Versar, Inc., invites the public to register to attend this workshop as observers. In addition, Versar, Inc., invites the public to give brief oral comments and/or provide written

comments at the workshop regarding the draft assessment under review. Space is limited, and reservations will be accepted on a first-come, first-served basis. In preparing a final report, EPA will consider Versar, Inc.'s report of the comments and recommendations from the external peer review workshop and any written public comments that EPA receives in accordance with this notice.

DATES: The peer review panel workshop on the draft assessment for hexachloroethane will be held on September 21, 2010, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. Registration will begin at 8:30 a.m.

ADDRESSES: The draft "Toxicological Review of Hexachloroethane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" is available primarily via the Internet on the NCEA home page under the Recent Additions and Publications menus at <http://www.epa.gov/ncea>. A limited number of paper copies are available from the Information Management Team (Address: Information Management Team, National Center for Environmental Assessment [Mail Code: 8601P], U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; *telephone:* 703-347-8561; *facsimile:* 703-347-8691). If you request a paper copy, please provide your name, mailing address, and the draft assessment title.

The peer review workshop on the draft hexachloroethane assessment will be held at the Radisson Hotel Reagan National Airport, 2020 Jefferson Davis Highway, Arlington, VA 22202. To attend the workshop, register no later than September 15, 2010, via e-mail at saundkat@versar.com (*subject line:* Hexachloroethane Peer Review Workshop), by phone: 703-750-3000, ext. 545, or toll free at 1-800-2-VERSAR (1-800-283-7727), ask for Kathy Coon, the Hexachloroethane Peer Review Workshop Coordinator, or by faxing a registration request to 703-642-6809 (please reference the "Hexachloroethane Workshop" and include your name, title, affiliation, full address and contact information). Space is limited, and reservations will be accepted on a first-come, first-served basis. There will be a limited time at the peer review workshop for comments from the public. Please inform Versar, Inc., if you wish to make comments during the workshop.

Information on Services for Individuals with Disabilities: EPA welcomes public attendance at the "Hexachloroethane Peer Review
