AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comment; extension of comment period.

SUMMARY: To address undue foreign influence in NASA-supported research and ensure responsible stewardship of taxpayer dollars, NASA has developed a new conflict of interest (COI) and conflict of commitment (COC) disclosure policy and an associated term and condition applicable to entities implementing NASA financial assistance awards that will be implemented in NASA's Grant and Cooperative Agreement Manual (GCAM). Therefore, the Agency is soliciting public comment on this new policy. This notice extends the public comment due date.

SUPPLEMENTARY INFORMATION:

In response to U.S. Government Accountability Office (GAO) recommendations in the report GAO-21-130, *Federal Research: Agencies Need to Enhance Policies to Address Foreign Influence*, NASA is taking steps to address undue foreign influence in research and ensure responsible stewardship of taxpayer dollars. NASA is implementing new policy that requires financial assistance award recipients to (1) maintain written and enforced policies that require covered individuals to disclose COI and COC to the recipient entity; (2) eliminate or, where appropriate, manage or reduce the disclosed conflict; and (3) disclose to NASA any conflict that cannot be eliminated, managed, or reduced. NASA's policy also describes how the Agency will address disclosures and the enforcement actions the Agency may take if a covered individual knowingly fails to disclose required information. The policy is accompanied by a term and condition requiring award recipients to comply with the COI and COC disclosure requirements that will be placed into all NASA financial assistance awards after the policy is implemented.

Specifically, the policy will be implemented as a revision to the GCAM section 3.3, Conflicts of Interest Policy, and the term and condition will be implemented as an addition to NASA's standard grant and cooperative agreement terms and conditions template located in the GCAM, Appendix D, Award Terms and Conditions. The full text of the policy and term and condition is provided below and the GCAM can be accessed at https://www.nasa.gov/sites/default/files/atoms/files/grant_and_cooperative_agreement_manual_-_oct._2022_0.pdf.

The GCAM, section 3.3, Conflicts of Interest Policy, will be revised in its entirety as follows:

1. For the purposes of section 3.3, the following definitions apply:

a. The term "conflict of interest," or "COI," means a situation in which an individual, or the individual's spouse or dependent children, has a significant financial interest or financial relationship, whether with a domestic or foreign entity, that could directly and significantly affect the design, conduct, reporting, or funding of research or other award-related activities. Examples of potential COI include, but are not
