Public Participation

How do I submit comments?

Please submit your comments, including the attachments, following the instructions provided under the above heading entitled **ADDRESSES**. Be advised that it may take a few hours or even days for your comment to be reflected on the docket. In addition, your comments must be written in English. We encourage you to provide concise comments and you may attach additional documents as necessary. There is no limit on the length of the attachments.

Where do I go to read public comments, and find supporting information?

Go to the docket online at <http://www.regulations.gov>, keyword search MARAD-2020-0155 or visit the Docket Management Facility (see **ADDRESSES** for hours of operation). We recommend that you periodically check the Docket for new submissions and supporting material.

Will my comments be made available to the public?

Yes. Be aware that your entire comment, including your personal identifying information, will be made publicly available.

May I submit comments confidentially?

If you wish to submit comments under a claim of confidentiality, you should submit three copies of your complete submission, including the information you claim to be confidential business information, to the Department of Transportation, Maritime Administration, Office of Legislation and Regulations, MAR-225, W24-220, 1200 New Jersey Avenue SE, Washington, DC 20590. Include a cover letter setting forth with specificity the basis for any such claim and, if possible, a summary of your submission that can be made available to the public.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. To facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves,

all timely comments will be fully considered. If you wish to provide comments containing proprietary or confidential information, please contact the agency for alternate submission instructions.

Authority: 49 CFR 1.93(a), 46 U.S.C. 55103, 46 U.S.C. 12121.

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2020-0135]

Pipeline Safety: Random Drug Testing Rate; Management Information System Reporting; and Obtaining Drug and Alcohol Management Information System Sign-In Information

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice of calendar year 2021 minimum annual percentage rate for random drug testing, reminder for operators to report contractor management information system (MIS) data using PHMSA supplemental instructions, and reminder of method for operators to obtain user name and password for electronic reporting.

SUMMARY: PHMSA has determined that the minimum random drug testing rate for covered employees will remain at 50 percent during calendar year 2021. Operators are reminded that drug and alcohol (D&A) testing information must be submitted for contractors who are performing or are ready to perform covered functions. For calendar year 2020 reporting, the user name and password for the Drug and Alcohol Management Information System (DAMIS) will be available in the PHMSA Portal.

DATES: Effective January 1, 2021, through December 31, 2021.

FOR FURTHER INFORMATION CONTACT: Wayne Lemoi, Drug & Alcohol Program Manager, Office of Pipeline Safety, by phone at 909-937-7232 or by email at wayne.lemoi@dot.gov.

SUPPLEMENTARY INFORMATION:

Notice of Calendar Year 2021 Minimum Annual Percentage Rate for Random Drug Testing

Operators of natural gas, hazardous liquid, and carbon dioxide pipelines, liquefied natural gas (LNG) facilities, and underground natural gas storage facilities must randomly select and test a percentage of all covered employees for prohibited drug use in accordance with 49 CFR part 199. Pursuant to § 199.105(c)(1), the PHMSA minimum annual random drug testing rate for all covered employees is 50 percent. The Administrator can adjust this random drug testing rate based on the reported positive rate in the pipeline industry's random drug tests, which is submitted in operators' annual Management Information System (MIS) reports as required by § 199.119(a). In accordance with § 199.105(c)(3), if the reported positive drug test rate is below 1 percent for 2 consecutive years, the Administrator can reduce the random drug testing rate to 25 percent of all covered employees. In calendar year 2019, the random drug test positive rate for the entire pipeline industry was reported at greater than 1 percent; therefore, the minimum annual random drug testing rate for calendar year 2021 is maintained at 50 percent of all covered employees.

Reminder for Operators To Report Contractor MIS Data

PHMSA developed and released online new *PHMSA Supplemental Instructions for DOT Drug & Alcohol Management Information System Reporting*. These instructions provide operators with the appropriate process for collecting and reporting annual D&A MIS testing data for contractors. The *Supplemental Instructions* help ensure that PHMSA can identify all the contractors who performed D&A covered functions for a specific pipeline operator; identify all the pipeline operators for whom a specific contractor performed D&A covered functions; and, has received a complete and accurate D&A MIS report for each contractor who performed D&A covered functions on any PHMSA regulated pipeline or facility in the applicable calendar year.

Pursuant to §§ 199.119(a) and 199.229(a), an operator having more than 50 covered employees is a large operator and an operator having 50 or fewer covered employees is a small operator. While contractor employees are covered employees per the regulations in § 199.3 and must be treated as such with regards to part 199, contractor employees are not included

in the calculation to determine if an operator is a large or small operator.

Large operators are always required to submit annual MIS reports whereas small operators are only required to submit MIS reports upon written request from PHMSA. If a small operator has submitted a MIS report in or after calendar year 2018, the PHMSA Portal message may state that no MIS report is required for calendar year 2020. If a small operator has grown to more than 50 covered employees during calendar year 2020, the PHMSA Portal message will include instructions for how to obtain a DAMIS user name and password for the 2020 calendar year reporting period.

If an operator is required to submit a MIS report in accordance with part 199, that report is not complete until PHMSA receives a MIS data report for each contractor that performed covered functions as defined in § 199.3. Operators must submit operator and contractor employee testing data in separate MIS reports to avoid duplicative reporting and inaccurate data that could affect the positive rate for the entire industry.

Reminder of Method for Operators To Obtain User Name and Password for Electronic Reporting

By early January 2021, the user name and password required for an operator to access DAMIS and enter calendar year 2020 data will be available to all operator staff with access to the PHMSA Portal. Pipeline operators have been submitting reports required by 49 CFR parts 191 and 195 through the PHMSA Portal (<https://portal.phmsa.dot.gov/pipeline>) since 2011. PHMSA determined that distributing information via the Portal would be more effective than the previous mailing process.

When the DAMIS user name and password are available in the PHMSA Portal, all registered users will receive an email to that effect. If operator staff responsible for submitting MIS reports do not receive the DAMIS information, they should coordinate with other registered PHMSA Portal users within their company to obtain the DAMIS user name and password. Registered PHMSA Portal users for an operator typically include operator staff or consultants who submit annual and incident reports through PHMSA F 7000- and 7100-series forms.

Operators that have not previously registered staff in the PHMSA Portal for the reporting purposes of parts 191 and 195 can register users by following the instructions at: <https://portal.phmsa.dot.gov/PHMSAPortal2/>

SUPPLEMENTARY INFORMATION:

I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Financial Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act) (Pub. L. 107-56) and other legislation. The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951-1959, 31 U.S.C. 5311-5314 and 5316-5332, and notes thereto, with implementing regulations at 31 CFR Chapter X.

The BSA authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement anti-money laundering (AML) programs and compliance procedures.¹ Regulations implementing the BSA appear at 31 CFR Chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.²

31 U.S.C. 5331 of the BSA and 26 U.S.C. 6050I of the Internal Revenue Code require that certain transactions be reported to both FinCEN and the Internal Revenue Service (IRS) in the form and manner prescribed by the Secretary of the Treasury. Specifically, reporting is required by any person engaged in a trade or business who, in the course of such trade or business, receives more than \$10,000 in coins or currency in one transaction or two or more related transactions.³ Reporting is also required by any clerk of a federal

¹ Section 358 of the USA PATRIOT Act added language expanding the scope of the BSA to intelligence or counter-intelligence activities to protect against international terrorism.

² Treasury Order 180-01 (re-affirmed Jan. 14, 2020).

³ 31 CFR 1010.330. Pursuant to 31 CFR 1021.330(c), non-gaming businesses at casino hotels and resorts are separate trades or businesses in which the receipt of currency in excess of \$10,000 is reportable under 31 U.S.C. 5331 and 31 CFR 1010.330.
