[Release No. 34–98532; File No. SR–CboeBZX–2023–063]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change To Adopt an Alternative to the Minimum \$4 Price Requirement for Companies Seeking To List Tier II Securities on the Exchange

September 26, 2023.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 19, 2023, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (“BZX” or the “Exchange”) is filing with the Securities and Exchange Commission (“Commission” or “SEC”) a proposed rule change to adopt an alternative to the minimum \$4 price requirement for companies seeking to list Tier II securities on the Exchange.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at

the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt an alternative to the minimum \$4 price requirement for companies that seek to list Tier II securities on the Exchange which meet the express exclusion from the definition of a “penny stock” contained in Exchange Act Rule 3a51–1(g) (the “Penny Stock Rules”).³ Such an amendment would allow a Company to list a Tier II security on the Exchange if it satisfies all existing and proposed listing standards except for the \$4 price requirement.⁴ As discussed below, the “net tangible assets and average revenue tests” proposed herein that satisfies the requirements of Exchange Act Rule 3a51–1(g) are substantively identical to the net tangible assets and average revenue tests proposed by Nasdaq Stock Market, LLC (“Nasdaq”) that received Commission approval.⁵

The Exchange is seeking to make this change to enhance competition among exchanges for companies with securities priced between \$2 and \$4. Rule 3a51–1⁶ defines a “penny stock” as any

equity security that does not satisfy one of the exceptions enumerated in subparagraphs (a) through (g) under the Rule. If a security is a penny stock, Rules 15g–1 through 15g–9 under the Act⁷ impose certain additional disclosure and other requirements on brokers and dealers when effecting transactions in such securities. Exchange-listed securities are not considered penny stocks because they comply with the requirements of Rule 3a51–1(a)(2) under the Act,⁸ which excepts from the definition of penny stock securities registered on national securities exchanges that have initial listing standards that meet certain requirements, including a \$4 bid price at the time of listing. The Exchange’s listings standards currently include all the requirements to qualify for the penny stock exception under Exchange Act Rule 3a51–1(a)(2) so that today, once a security is initially listed on the Exchange, the Exchange will not be considered a penny stock for so long as it is listed on the Exchange.

The penny stock rules also exclude from the definition of penny stock, under a “grandfather” provision, securities registered on a national securities exchange that has been continually registered as such since April 20, 1992, and has maintained quantitative listing standards that are substantially similar to or stricter than those listing standards that were in place on the exchange on January 8, 2004.⁹ NYSE American, LLC (“NYSE American”) meets this standard, but the Exchange, which was more recently registered as a national securities exchange, does not. Accordingly, NYSE American’s initial listing price requirements of either \$2 or \$3 are grandfathered under this provision.

In 2012, Nasdaq received Commission approval for a proposed rule change that allowed it to adopt an alternative to the \$4 bid price requirement (the “Nasdaq proposal”).¹⁰ The Exchange is now proposing to similarly adopt an alternative to the minimum \$4 price requirement for companies seeking to list Tier II securities on the Exchange that is substantively identical to the Nasdaq proposal at the time it was adopted.¹¹

¹⁰ *Supra* note 5.

¹¹ The Exchange notes that since Nasdaq adopted the alternative minimum price requirement in 2012, it has adopted certain other initial listing requirements that differ from the Exchange’s current initial listing requirements. The Exchange is not proposing to amend its initial listing requirements except for the proposed alternative
