

This announcement is a request for continuation of a web-based data collection system, the Reviewer Recruitment Module (RRM), used to gather critical reviewer information. The RRM uses standardized categories of information in drop down menu format for data such as the following: degree, specialty, occupation, work setting, and in select instances affiliations with organizations and institutions that serve special populations. Some program regulations require that objective review panels contain consumers of health services. Other demographic data may be voluntarily provided by a potential reviewer. Defined data elements assist HRSA in finding and selecting expert reviewers for objective review committees.

HRSA maintains a roster of approximately 9,000 qualified individuals who have actively served on HRSA objective review committees. The web based RRM simplifies reviewer registration entry using a user-friendly Graphical User Interface with a few data drop down menu choices, a search engine that supports key word queries in the actual resume or Curriculum Vitae text and permits reviewers to access and update their information at will and as needed. The RRM is 508 compliant and accessible by the general public via a link on the HRSA "Grants"

internet site, or by keying the RRM URL into their browser. The RRM is accessible using any of the commonly used internet browsers.

**Need and Proposed Use of the Information:** HRSA currently utilizes RRM to collect information from individuals who wish to volunteer as objective review committee participants for the Agency's discretionary and competitive grant or cooperative agreement funding opportunities. RRM provides HRSA with an effective search and communication functionality with which to identify and contact qualified potential reviewers. The RRM has an enhanced search and reporting capability to help ensure that the HRSA reviewer pool has the necessary skills, education, and diversity to meet the ever-evolving need for qualified reviewers. If HRSA identifies either an expertise or demographic that is under-represented in the RRM pool, HRSA is able to recruit specifically to address those needs. Expertise is always the primary determinant in selecting potential reviewers for any specific grant review; no reviewer is required to provide demographic information to join the reviewer pool or be selected as a reviewer for any competition.

**Likely Respondents:** All HRSA reviewers must possess the technical skill and ability to access the internet on

a secure desktop laptop, or touch pad, and either a land line or Voice Over internet Protocol capability to participate in HRSA objective review committees. Reviewers are professionals with expertise and experience consistent with the HRSA mission and competitive program needs to address the availability and delivery of quality health care to all Americans. Certain legislation requires HRSA programs to include consumers of specific health care services in the objective review committee.

**Burden Statement:** Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
New reviewer .....	2,000	1	2,000	.166	332
Updating reviewer information .....	9,000	1	9,000	.333	2,997
<b>Total .....</b>	<b>11,000</b>	<b>.....</b>	<b>11,000</b>	<b>.....</b>	<b>3,329</b>

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

### National Institutes of Health

#### National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material,

and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

**Name of Committee:** National Institute of Allergy and Infectious Diseases Special Emphasis Panel; NIAID Clinical Trial Implementation Cooperative Agreement (U01 Clinical Trial Required).

**Date:** March 31, 2023.

**Time:** 1:00 p.m. to 3:00 p.m.

**Agenda:** To review and evaluate grant applications.

**Place:** National Institute of Allergy and Infectious Diseases, National Institutes of Health, 5601 Fishers Lane, Room 3G22B, Rockville, MD 20892 (Virtual Meeting).

**Contact Person:** Kristina S. Wickham, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, National Institute of Allergy and

Infectious Diseases, National Institutes of Health, 5601 Fishers Lane, Room 3G22B, Rockville, MD 20852, 301-761-5390, [kristina.wickham@nih.gov](mailto:kristina.wickham@nih.gov).

### National Institutes of Health

#### Office of the Director, National Institutes of Health; Notice of Meeting

Pursuant to section 10(a) of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the Advisory Committee on Research on Women's Health.

The meeting will be open to the public as a virtual meeting. Individuals who plan to view the virtual meeting and need special assistance or other reasonable accommodations to view the meeting, should notify the Contact Person listed below in advance of the meeting. The meeting will be videocast and can be accessed from the NIH Videocasting and Podcasting website (<http://videocast.nih.gov/>).

*Name of Committee:* Advisory Committee on Research on Women's Health.

*Date:* April 12, 2023.

*Time:* 9:30 a.m. to 4:00 p.m.

*Agenda:* ORWH Director's Report; Presentation from the Director of the National Center for Advancing Translational Sciences (NCATS); Presentation on NIH Inclusion Data; Presentation on the FY2024-2028 NIH-wide Strategic Plan on Research on the Health of Women; Presentations on translational science.

*Place:* National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892 (Virtual Meeting).

*Contact Person:* Samia Noursi, Ph.D., Associate Director, Science Policy, Planning, and Analysis, Office of Research on Women's Health, National Institutes of Health, 6707 Democracy Blvd., Room 402, Bethesda, MD 20892, 301-496-9472, [samia.noursi@nih.gov](mailto:samia.noursi@nih.gov).

Any member of the public interested in presenting oral comments to the committee may notify the Contact Person listed on this notice at least 10 days in advance of the meetings. Interested individuals and representatives of organizations may submit a letter of intent, a brief description of the organization represented, and a short description of the oral presentation. Only one representative of an organization may be

allowed to present oral comments and if accepted by the committee, presentations may be limited to five minutes. Both printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the committee by forwarding their statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Information is also available on the Institute's/Center's home page: <https://orwh.od.nih.gov/>, where an agenda and any additional information for the meeting will be posted when available.
