J.N. “Ding” Darling NWR, Lee County, FL; Final Comprehensive Conservation Plan and Finding of No Significant Impact for Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment for J.N. “Ding” Darling National Wildlife Refuge (NWR). In the final CCP, we describe how we will manage this refuge for the next 15 years.

ADDRESSES: You may obtain a copy of the CCP by writing via U.S. mail to: Mr. Paul Tritaik, Project Leader, 1 Wildlife Drive, Sanibel, FL 33957, or DingDarling@fws.gov (e-mail). The CCP may also be accessed and downloaded from the Service’s Web site: <http://www.fws.gov/southeast/planning/under/Final Documents>.

FOR FURTHER INFORMATION CONTACT: Mr. Paul Tritaik, at 239/472–1100 (telephone) or DingDarling@fws.gov (e-mail); or Ms. Cheri M. Ehrhardt, at 321/861–2368 (telephone) or DingDarling@fws.gov (e-mail).

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for J.N. “Ding” Darling NWR. We started this process through notices in the **Federal Register** on June 27, 2007 (72 FR 35254) and April 2, 2008 (73 FR 17991).

The 6,406-acre refuge supports hundreds of species of wildlife and plants, providing protection for 14 Federal-listed and 49 State-listed species, migratory birds, and native wildlife and habitat diversity through a mix of habitats, including tropical hardwood forests, beaches, mangrove swamps, mixed wetland shrubs, salt marshes, open waters and seagrass beds, and lakes and canals. The refuge holds several special designations, including Wilderness Area, Research Natural Area, Marine Protected Area, Florida Important Bird Area, and Outstanding Florida Water. Annual visitation to the refuge exceeds 700,000.

We announce our decision and the availability of the final CCP and FONSI for J.N. “Ding” Darling NWR in accordance with the National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements. We completed a thorough analysis of impacts on the human environment, which we included in the draft comprehensive conservation plan and environmental assessment (Draft CCP/EA).

The CCP will guide us in managing and administering J.N. “Ding” Darling NWR for the next 15 years. The following compatibility determinations are available in the CCP: (1) Wildlife observation and photography—including walking, hiking, motorized and non-motorized boating, and motorized and non-motorized trail use; (2) environmental education and interpretation—including walking, hiking, motorized and non-motorized boating, and motorized and non-motorized trail use; (3) fishing—including motorized and non-motorized boating and non-motorized trail use; (4) research; (5) commercial services; (6) commercial photography; (7) mosquito control; and (8) commercial bait fishing—including phasing out this use within the 15-year life of the CCP.

Background

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and

their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Comments

We made copies of the Draft CCP/EA available for a 30-day public review and comment period via a **Federal Register** notice on May 17, 2010 (75 FR 27576). We received comments from local citizens, a local business, organizations, and State and local governmental agencies. Comments were also submitted through the State Clearinghouse for State agencies.

Selected Alternative

After considering the comments we received, we have selected Alternative C for implementation. The primary focus under Alternative C is migratory birds. Implementing Alternative C is expected to result in increased protection for breeding, nesting, resting, roosting, foraging, and migrating birds on the refuge. Increased information on a variety of species, suites of species, and habitats will enhance decision-making for the refuge. Further benefits will be realized from increased control of exotic, invasive, and nuisance species. We will coordinate with the partners to address concerns related to the impacts from water quality, quantity, and timing of flows and from climate change and sea level rise. Resource protection will be enhanced, including through increased information about cultural resources on the refuge, increased protection of cultural resources, additional special designations, improved management of the J.N. “Ding” Darling Wilderness Area, improved coordination with the partners to increase ethical outdoor behavior, enhanced visitor services programs, and addition of visitor facilities. To achieve this, we will work with governmental and non-governmental partners, area communities, the “Ding” Darling Wildlife Society, and local businesses, and we will pursue the addition of staff to address management concerns.

Alternative C is considered to be the most effective for meeting the purposes of the refuge and addressing the priority issues facing the refuge, including increasing and changing human population, development of the landscape, recreational uses and demands, and associated impacts; issues and impacts associated with water

quality, water quantity, and timing of flows; invasion and spread of exotic, invasive, and nuisance species; climate change impacts; need for long-term protection of important resources; declines in and threats to rare, threatened, and endangered species; insufficient baseline wildlife and habitat data and lack of comprehensive habitat management plan; and lack of resources to address refuge needs.

Wildlife and Hunting Heritage Conservation Council Teleconference; Cancellation

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of teleconference; cancellation.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce our cancellation of a public teleconference of the Wildlife and Hunting Heritage Conservation Council (Council). The teleconference was to have taken place on March 23, 2011. When we reschedule the teleconference, we will announce the new date and time to the public.

DATES: The teleconference was scheduled to be held March 23, 2011. We will reschedule the teleconference at a later date.

FOR FURTHER INFORMATION CONTACT: Joshua Winchell, Council Coordinator, 4401 N. Fairfax Dr., Mailstop 3103–AEA, Arlington, VA 22203; (703) 358–2639 (phone); (703) 358–2548 (fax); or joshua_winchell@fws.gov (e-mail).

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the Federal Advisory Committee Act, 5 U.S.C. App., the Council was formed in

February 2010, to provide advice about wildlife and habitat conservation endeavors. For more information about the Council, see our March 4, 2011, **Federal Register** notice (76 FR 12130), or contact Joshua Winchell, Council Coordinator (**FOR FURTHER INFORMATION CONTACT**). Background information on the Council is also available at <http://www.fws.gov/whhcc>.

In a **Federal Register** notice published on March 4, 2011, we announced a Council teleconference to take place on March 23, 2011. However, we now announce that we must cancel that teleconference. We plan to reschedule the teleconference. When we reschedule, we will announce the new date and time in a new notice in the **Federal Register**. Primary objectives and agenda items of the teleconference will remain the same.

Dated: March 14, 2011.

Rowan W. Gould,
Acting Director.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

Nominations for the following properties being considered for listing or related actions in the National Register were received by the National Park Service before March 5, 2011. Pursuant to sections 60.13 or 60.15 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation. Comments may be forwarded by United States Postal Service, to the National Register of Historic Places, National Park Service, 1849 C St. NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St., NW., 8th floor, Washington, DC 20005; or by fax, 202–371–6447. Written or faxed comments should be submitted by April 8, 2011.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
