

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 11797-043]****Grande Pointe Power Corporation; Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests**

- c. *Date Filed:* November 14, 2012.
- d. *Applicant:* Grande Pointe Power Corporation.
- e. *Name of Project:* Three Rivers Hydroelectric Project.
- f. *Location:* The Three Rivers Hydroelectric Project is located on the St. Joseph River in the city of Three Rivers, St. Joseph County, Michigan.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).
- h. *Applicant Contact:* Ms. Piper Title, P.E., Senior Civil Engineer, Lawson-Fisher Associates P.C., 525 West Washington Avenue, South Bend, Indiana 46601; Telephone: (574) 234-3167.
- i. *FERC Contact:* Any questions on this notice should be addressed to Kelly Houff, Telephone (202) 502-6393 or Kelly.Houff@ferc.gov.
- j. *Deadline for filing comments, motions to intervene, and protests:* 30 days from the issuance date of this notice.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov/docs-filing/efiling.asp>). Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system (<http://www.ferc.gov/docs-filing/ecomment.asp>) and must include name and contact information at the end of comments. The Commission strongly encourages electronic filings.

All documents (original and seven copies) filed by paper should be sent to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please include the project number (P-11797-043) on any comments or motions filed.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on

each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

k. *Description of Application:* The licensee proposes to amend the water surface elevation requirement of the impoundment set forth in article 402 of the license for the Three Rivers Project. Specifically, the licensee proposes to operate with the impoundment elevation at 798 feet National Geodetic Vertical Datum 1929 (NGVD29) and any elevation fluctuation shall not exceed 0.25 foot. The current impoundment elevation requirement under article 402 of the license is 797 feet NGVD29 \pm 0.25 foot. However, the licensee states in its amendment application that at the time of the license application and request for water quality certification, the licensee referred to the incorrect datum at some point. Therefore, the reservoir level license requirement referenced 797 feet NGVD29 instead of the historic operating level of 798 feet NGVD29, the elevation prior to license issuance. The licensee is attempting to correct the datum error with an amendment to its license, but since the project has historically operated at an impoundment water surface elevation of 798 feet NGVD29, no actual change in project operation is proposed.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Any filings must bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers.

p. *Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. CP13-21-000]****Alliance Pipeline L.P.; Notice of Application**

Take notice that on November 26, 2012, Alliance Pipeline L.P. (Alliance), 800, 605-5 Ave. SW., Calgary, Alberta, Canada T2P 3H5, filed an application in the above referenced docket pursuant to section 7(c) of the Natural Gas Act (NGA) to amend their certificate issued in Docket No. CP12-50-000. Alliance proposes to increase the certificated horsepower (HP) on the Tioga Lateral from 6,000 HP to 7,950 HP. Alliance states that this proposal will also increase the design capacity of the Tioga Lateral facilities from 106.5 million

cubic feet per day (MMcf/d) to 126.4 MMcf/d, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning this application may be directed to Brian Troicuk, Manager, Regulatory Affairs, Alliance Pipeline Ltd. on behalf of Alliance Pipeline L.P., 800, 605-5 Ave. SW., Calgary, Alberta, Canada T2P 3H5, by telephone at (403) 517-6354 or by email at brian.troicuk@alliancepipeline.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.
