**FOR FURTHER INFORMATION CONTACT:** Colette Cairns or Amy Hapeman, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** On January 26, 2011, notice was published in the **Federal Register** (76 FR 4636) that a request for a scientific research permit to take green, loggerhead, hawksbill, leatherback, Kemp's ridley, olive ridley, and unidentified hardshell sea turtles had been submitted by the above-named organization. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The five-year permit authorizes the SEFSC to monitor the take of green, loggerhead, hawksbill, leatherback, Kemp's ridley, olive ridley, and unidentified hardshell sea turtles by observed commercial fisheries and collect data to estimate bycatch and its effects on sea turtle sub-populations. SEFSC-certified observers are authorized to handle, photograph, measure, weigh, flipper and passive integrated transponder tag, tissue sample, carapace mark and salvage specimens taken during commercial fishing activities. The research will take place in the Atlantic Ocean, the Gulf of Mexico, the Caribbean Sea, and their tributaries. These efforts would aid in the development and refinement of management efforts to recover these species.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: July 26, 2011.

**SUPPLEMENTARY INFORMATION:** The Office of Management and Budget (OMB) Regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). The Committee plans to submit a request to OMB to renew its approval of the collection of information for nonprofit agency responsibilities related to recordkeeping. The Committee is requesting a 3-year term of approval for this information collection activity.

Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 3037-0005.

The Javits-Wagner-O'Day (JWOD) Act of 1971 (41 U.S.C. 46-48c) is the authorizing legislation for the AbilityOne Program. The AbilityOne Program creates jobs and training opportunities for people who are blind or who have other severe disabilities. Its primary means of doing so is by requiring Government agencies to purchase selected products and services from nonprofit agencies employing such individuals. The AbilityOne Program is administered by the Committee. Two national, independent organizations, National Industries for the Blind (NIB) and NISH, help state and private nonprofit agencies participate in the AbilityOne Program.

The implementing regulations for the JWOD Act, which are located at 41 CFR Chapter 51, detail the recordkeeping requirements imposed on nonprofit agencies participating in the AbilityOne Program. Section 51-2.4 of the regulations describes the criteria that the Committee must consider when adding a product or service to its Procurement List. One of these criteria is that a proposed addition must demonstrate a potential to generate employment for people who are blind or severely disabled. The Committee decided that evidence that employment will be generated for those individuals consists of recordkeeping that tracks direct labor and revenues for products or services sold through an AbilityOne Program contract. This recordkeeping can be done on each individual AbilityOne project or by product or service family.

In addition, Section 51-4.3 of the regulations requires that nonprofit agencies keep records on direct labor

hours performed by each worker and keep an individual record or file for each individual who is blind or severely disabled, documenting that individual's disability and capabilities for competitive employment. The records that nonprofit agencies must keep in accordance with Section 51–4.3 of the regulations constitute the bulk of the hour burden associated with this OMB control number.

This information collection renewal request seeks approval for the Committee to continue to ensure compliance with recordkeeping requirements established by the authority of the JWOD Act and set forth in the Act's implementing regulations and to ensure that the Committee has the ability to confirm the suitability of products and services on its Procurement List. The recordkeeping requirements described in this document are the same as those currently imposed on nonprofit agencies participating in the AbilityOne Program.

*Title:* Nonprofit Agency Responsibilities, 41 CFR 51–2.4 and 51–4.3.

*OMB Control Number:* 3037–0005.

*Description of Collection:* Recordkeeping.

*Description of Respondents:* Nonprofit agencies participating in the AbilityOne Program.

*Annual Number of Respondents:* About 625 nonprofit agencies will annually participate in recordkeeping.

*Total Annual Burden Hours:* The recordkeeping burden is estimated to average 567 hours per respondent. Total annual burden is 354,375 hours.

On May 17, 2011, we published in the **Federal Register** (Volume 76 Number 95, Pages 28424–28425) a notice requesting public comment on these recordkeeping requirements for 60 days, ending July 17, 2011. By that date we had received no comments.
