

SUPPLEMENTARY INFORMATION: Members of the public may listen to these discussions. Committee meetings are available to the public through the above listed online registration link (audio/visual) or teleconference phone line (audio only). An open comment period will be provided to allow members of the public to make a statement as time allows. Callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Closed captions will be provided. Individuals with disabilities requiring other accommodations may contact Corrine Sanders at csanders@usccr.gov 10 days prior to the meeting to make their request.

Members of the public are also entitled to submit written comments; the comments must be received in the regional office within 30 days following the meeting. Written comments may be emailed to csanders@usccr.gov. Persons who desire additional information may contact the Regional Programs Unit at (202) 618-4158.

Records generated from this meeting may be inspected and reproduced as they become available, both before and after the meeting. Records of the meeting will be available via www.facadatabase.gov under the Commission on Civil Rights, Pennsylvania Advisory Committee link. Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Unit at the above email address.

Agenda

- I. Welcome & Roll Call
- II. Discussion
- III. Public Comment
- IV. Next
- V. Adjournment

Dated: October 24, 2023.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

BILLING CODE P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Utah Advisory Committee to the U.S. Commission on Civil Rights

AGENCY: Commission on Civil Rights.

ACTION: Notice of public meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules

and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act, that the Utah Advisory Committee (Committee) to the U.S. Commission on Civil Rights will hold a public meeting via Zoom at 2:00 p.m. MT on Thursday, November 16, 2023. The purpose of the meeting is to discuss the Committee's project regarding the civil rights implications of disparate outcomes in Utah's K-12 education system.

DATES: Thursday, November 16, 2023, from 2:00 p.m.-3:00 p.m. Mountain Time

ADDRESSES: The meeting will be held via Zoom.

Registration Link (Audio/Visual):
<https://www.zoomgov.com/j/1608498805>.

Join by Phone (Audio Only): (833) 435-1820 USA Toll-Free; Meeting ID: 160 849 8805.

FOR FURTHER INFORMATION CONTACT: David Barreras, Designated Federal Officer, at dbarreras@usccr.gov or (202) 656-8937.

SUPPLEMENTARY INFORMATION: This committee meeting is available to the public through the registration link above. Any interested member of the public may listen to the meeting. An open comment period will be provided to allow members of the public to make a statement as time allows. Per the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Closed captioning will be available for individuals who are deaf, hard of hearing, or who have certain cognitive or learning impairments. To request additional accommodations, please email Liliana Schiller, Support Services Specialist, at lschiller@usccr.gov at least 10 business days prior to the meeting.

Members of the public are entitled to submit written comments; the comments must be received in the regional office within 30 days following the meeting. Written comments may be emailed to David Barreras at dbarreras@usccr.gov. Persons who desire additional information may contact the Regional Programs Coordination Unit at (312) 353-8311.

Records generated from this meeting may be inspected and reproduced at the Regional Programs Coordination Unit

Office, as they become available, both before and after the meeting. Records of the meetings will be available via www.facadatabase.gov under the Commission on Civil Rights, Utah Advisory Committee link. Persons interested in the work of this Committee are directed to the Commission's website, <http://www.usccr.gov>, or may contact the Regional Programs Coordination Unit at lschiller@usccr.gov.

Agenda

- I. Welcome & Roll Call
- II. Discussion: Civil Rights Implications of Disparate Outcomes in Utah's K-12 Education System
- III. Public Comment
- IV. Next Steps
- V. Adjournment

Dated: October 24, 2023.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-55-2023]

Foreign-Trade Zone (FTZ) 127, Notification of Proposed Production Activity; Trucast LLC; (Turbine Wheels); Newberry, South Carolina

Trucast LLC submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Newberry, South Carolina within FTZ 127. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on October 20, 2023.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished product is turbine wheels for commercial vehicles (duty rate 4.7%).

The proposed foreign-status material/ component is nickel based alloy (duty-free). The request indicates that nickel based alloy is subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country

of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 6, 2023.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov.

Dated: October 23, 2023.

Elizabeth Whiteman,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XD385]

Atlantic Highly Migratory Species; Atlantic Shark Management Measures; 2024 Research Fishery

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of intent; request for applications.

SUMMARY: NMFS announces its request for applications for the 2024 shark research fishery from commercial shark fishermen with directed or incidental shark limited access permits. The shark research fishery allows for the collection of fishery-dependent and biological data for future stock assessments and to meet the research objectives of the Agency. The only commercial vessels authorized to land sandbar sharks are those participating in the shark research fishery. Shark research fishery permittees may also land other large coastal sharks (LCS), small coastal sharks (SCS), smoothhound, and pelagic sharks. Commercial shark fishermen who are interested in participating in the shark research fishery need to submit a completed Shark Research Fishery Permit Application to be considered.

DATES: Shark Research Fishery Permit Applications must be received no later than November 27, 2023.

ADDRESSES: Please submit completed applications via email to NMFS.Research.Fishery@noaa.gov.

For copies of the Shark Research Fishery Permit Application, please email a request to NMFS.Research.Fishery@noaa.gov. Copies of the Shark Research Fishery Permit Application are also available at the highly migratory species (HMS) website at <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-highly-migratory-species-exempted-fishing-permits>. Please be advised that your application may be released under the Freedom of Information Act.

FOR FURTHER INFORMATION CONTACT:

Karyl Brewster-Geisz or Delisse Ortiz at 301-427-8503, or email NMFS.Research.Fishery@noaa.gov.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries (tunas, billfish, swordfish, and sharks) are managed under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*) and the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan (FMP) and its amendments are implemented by regulations at 50 CFR part 635. Specifics regarding the commercial shark quotas and the shark research fishery can be found at §§ 635.27(b) and 635.32(f).

The shark research fishery was established, in part, to maintain time series data for stock assessments and to meet NMFS' research objectives. Since the shark research fishery was established in 2008, it has allowed for: the collection of fishery-dependent data for current and future stock assessments; the operation of cooperative research to meet NMFS' ongoing research objectives; the collection of updated life-history information used in the sandbar shark (and other species) stock assessment; the collection of data on habitat preferences that might help reduce fishery interactions through bycatch mitigation; evaluation of the utility of the mid-Atlantic closed area on the recovery of dusky sharks and collection of hook-timer and pop-up satellite archival tag information to determine at-vessel and post-release mortality of dusky sharks; and collection of sharks to determine the weight conversion factor from dressed weight to whole weight.

The shark research fishery allows selected commercial fishermen the opportunity to earn revenue from selling additional sharks, including sandbar sharks. Only the commercial shark fishermen selected to participate in the

shark research fishery are authorized to land sandbar sharks subject to the sandbar quota available each year. The base quota for sandbar sharks is 90.7 metric tons (mt) dressed weight (dw) per year, although this number may be reduced in the event of overharvests. The selected shark research fishery permittees will also be allowed to land other LCS, SCS, smoothhound, and pelagic sharks consistent with any restrictions established on their shark research fishery permit. Generally, the shark research fishery permits are valid only for the calendar year for which they are issued.

One hundred-percent observer coverage is required on shark research fishery trips. The specific 2024 trip limits and number of trips per month will depend on the availability of funding, number of selected vessels, the availability of observers, the available quota, and the objectives of the research fishery, and will be included in the permit terms at time of issuance. The number of participants in the research fishery changes each year. In 2023, three fishermen were chosen to participate. From 2008 through 2023, there has been an average of 6 participants each year with the range from 3 to 11. Overall, the timing of trips and the number of the trips participants taken has varied year-to-year based on seasonal availability of certain species and available quota. Specifically, the number of trips taken per month are limited by the scientific and research needs of the Agency and the number of NMFS-approved observers available; in the last few years participating vessels on average have been able to take one trip per month. Participants may also be limited in the amount of gear they can deploy on a given set (e.g., number of hooks and sets, soak times, length of longline). These limits have changed both between years and during the year depending on research goals and bycatch limits.

In 2023, NMFS split 90 percent of the sandbar and LCS research fishery quotas equally among selected participants, with 16.3 mt dw (35,935 pounds (lb) dw) of sandbar shark research fishery quota and 9.0 mt dw (19,841 lb dw) of other LCS research fishery quota available to each vessel. The remaining quota was held in reserve to ensure the overall sandbar and LCS research fishery quotas were not exceeded. NMFS may use this process again for the quotas in 2024 or may consider other methods of distributing the available quotas.

In 2023, NMFS continued to implement a regional dusky bycatch limit, which was first established in 2013, in the shark research fishery,
