## DEPARTMENT OF TRANSPORTATION

### Surface Transportation Board

#### Release of Waybill Data

The Surface Transportation Board has received a request from McCarthy, Sweeney & Harkaway, P.C. on behalf of the State of Montana (WB10-069(1)), for permission to use certain data from the Board's 2006 through 2009 (when available) Carload Waybill Sample. This request was made pursuant to 49 CFR 1244.9(b)(4) because it is related to a proceeding before the Board, *State of Montana v. BNSF Railway Company*, NOR 42124. Because some of the waybill information requested is from entities not party to this proceeding (*i.e.*, Union Pacific Railroad Company and Canadian Pacific Railway Company), the Board is providing notice and an opportunity to comment on the request. (The Board's regulations do not specifically require **Federal Register** notice for this category of request.) A copy of the request may be obtained from the Office of Economics. See the contact listed below.

The Board will follow its procedures set forth in 49 CFR 1244.9(d) for handling this waybill sample request. The waybill sample contains

confidential railroad and shipper data; therefore, if any party objects to this request, it should file the objections with the Director of the Board's Office of Economics within 14 calendar days of the publication of this notice. The rules for release of waybill data are codified at 49 CFR 1244.9.

Contact: Scott Decker, (202) 245-0330.

**AGENCY**: Office of Financial Research, Treasury.

**ACTION**: Statement of policy with request for comment.

**SUMMARY**: The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "DFA"), Public Law 111-203, establishes the Office of Financial Research (the "Office") and provides it with the authority to collect data to support the Financial Stability Oversight Council (the "Council") and to set standards for reporting such data. The Office is issuing a statement of policy regarding its preference to adopt through rulemaking a universal standard for identifying parties to financial contracts that is established and implemented by private industry and other relevant stakeholders through a consensus process. The statement of policy provides guidance on how the Office will evaluate whether a standard is adequate for adoption, including its attributes and method of implementation. The Office seeks comment on this statement of policy, including but not limited to the desired characteristics for a Legal Entity Identifier ("LEI") and the institutional arrangements for issuing and maintaining identifiers and associated reference data.
