Circular Welded Carbon-Quality Steel Pipe From the United Arab Emirates: Amended Final Results of Antidumping Duty Administrative Review; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the administrative review of

the antidumping duty (AD) order on circular welded carbon-quality steel pipe (CWP) from the United Arab Emirates (UAE) to correct a ministerial error.

DATES: Applicable January 5, 2021.

FOR FURTHER INFORMATION CONTACT: Benjamin Luberd, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2185.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 2020, Commerce published the *Final Results* of the 2017–2018 administrative review of CWP from the UAE in the **Federal Register**.¹ On November 30, 2020, Universal Tube and Plastic Industries, Ltd., KHK Scaffolding and Framework LLC, and THL Pipe and Tube Industries LLC (collectively, Universal), one of two companies selected for individual examination in this administrative review, alleged the existence of a ministerial error in Commerce's *Final Results*.²

Legal Framework

A ministerial error, as defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), includes “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.”³ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any

ministerial error by amending . . . the final results of review.”

Ministerial Error

Commerce committed an inadvertent error within the meaning of section 751(h) of the Act and 19 CFR 351.224(f) by incorrectly calculating Universal's home market commissions. Accordingly, we determine, in accordance with section 751(h) of the Act and 19 CFR 351.224(f), that we made a ministerial error in the *Final Results*. Pursuant to 19 CFR 351.224(e), we are amending the *Final Results* to correct this error. This correction results in a change to Universal's weighted-average dumping margin and also changes the rate calculated for the non-individually-examined companies. For a detailed discussion of the ministerial error allegation, as well as Commerce's analysis, see Ministerial Error Memorandum.⁴

Correction

Subsequent to the publication of the notice in the **Federal Register**, we identified an inadvertent error in the *Final Results* in addition to the one alleged by Universal. Specifically, Commerce inadvertently referenced the review-specific rate of 3.14 percent as the all-others rate in the cash deposit section of the notice. However, the all-others rate, established in the investigation, is 5.95 percent.⁵ The corrected cash deposit section of the notice is below.

Amended Final Results of the Review

We are assigning the following weighted-average dumping margins to the firms listed below for the period December 1, 2017 through November 30, 2018:

Producers/exporters	Weighted-average dumping margin (percent)
Conares Metal Supply Ltd	2.49
Universal Tube and Plastic Industries, Ltd./THL Tube and Pipe Industries LLC/KHK Scaffolding and Framework LLC ⁸	3.63

Review-Specific Average Rate Applicable to the Following Companies:⁶

Abu Dhabi Metal Pipes and Profiles Industries Complex	3.06
Ajmal Steel Tubes & Pipes Ind. L.L.C./Noble Steel Industries L.L.C. ⁷	3.06
Al Mansoori Industrial Supply	3.06
Baker Hughes EHO Ltd	3.06
BioAir Solutions LLC	3.06
