

C. Drivers must comply with the applicable HOS limits after arriving at the site—drivers must record all time working to restore rail service as on duty, not driving.

D. Drivers may take advantage of the Agency's personal conveyance regulatory guidance when traveling between the unplanned event work site and nearby lodging or dining facilities (June 7, 2018; 83 FR 26377). If that guidance is not applicable to the trip, CMV drivers who have reached the HOS limits must be transported from the work site by an individual who is not subject to HOS restrictions or use a vehicle that does not meet FMCSA's definition of a CMV (49 CFR 390.5) when they leave the site.

E. Drivers must complete the Driver Education Module 3 and the Driver Sleep Disorders and Management Module 8 of the NAFMP (www.nafmp.org) prior to operating under the exemption; railroads subject to the exemption could direct CMV drivers to the DOT's Federal Railroad Administration's website, the "Railroaders' Guide to Healthy Sleep" (<https://railroaderssleep.fra.dot.gov/>) as an alternative resource if NAFMP's website is unavailable; and

F. Motor carriers and drivers must comply with all other provisions of the Federal Motor Carrier Safety Regulations.

Preemption

In accordance with 49 U.S.C. 31313(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.

Notification to FMCSA

Under the exemption, the Associations must notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5), involving any of the CMVs operating under the terms of this exemption. The notification must include the following information:

- Identifier of the Exemption: "The Associations;"
- Name of operating carrier and USDOT number;
- Date of the accident;
- City or town, and State, in which the accident occurred, or closest to the accident scene;
- Driver's name and license number;

- Co-driver's name (if any) and license number;
- Vehicle number and state license number;
- Number of individuals suffering physical injury;
- Number of fatalities;
- The police-reported cause of the accident, if provided by the enforcement agency.
- Whether the driver was cited for violation of any traffic laws, motor carrier safety regulations; and
- The records of duty status for date of the accident and the 7 consecutive days prior to the date of the accident, accompanied by a summary statement of the total on-duty time accumulated during the 7 consecutive days prior to the date of the accident, and the total on-duty time and driving time in the work shift prior to the accident.

IX. Termination

FMCSA does not believe the motor carriers and drivers covered by this exemption will experience any deterioration of their safety record. However, should this occur, FMCSA will take all steps necessary to protect the public interest, including revocation of the exemption. FMCSA will immediately revoke the exemption for failure to comply with its terms and conditions.

Deputy Administrator.
