

14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call

[Docket No. RM96-1-029]

Standards for Business Practices for Interstate Natural Gas Pipelines; Notice Clarifying Implementation Date and Compliance Date

March 11, 2009.

On February 24, 2009, the Commission issued a final rule in the above-captioned proceeding, Order No. 587-T, that incorporated by reference into the Commission's regulations, revisions adopted by the North American Energy Standards Board to the business practices standards for natural gas pipelines. *Standards of Business Practices for Interstate Natural Gas Pipelines*, 126 FERC ¶ 61,129 (2009). The final rule was published in the **Federal Register** on March 3, 2009, (74 FR 9162) and became effective April 2, 2009. Under the implementation schedule established in the rule, natural gas pipelines are required to implement the standards on August 1, 2009, and file tariff sheets to reflect the changed standards on June 1, 2009.

Kimberly D. Bose,

Secretary.

[Project No. 2582-027]

Rochester Gas and Electric Corp.; Notice of Availability of Final Environmental Assessment

March 11, 2009.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff has reviewed the application for amendment of license for the Station 2 Project (FERC No. 2582) and has prepared a final environmental assessment (final EA).

The project is located on the Genesee River in Monroe County, New York.

The final EA contains the Commission staff's analysis of the potential environmental effects of the proposed addition of new generating capacity and concludes that authorizing the amendment, with appropriate environmental protective measures, would not constitute a major Federal action that would significantly affect the quality of the human environment.

Copies of the final EA are available for review in the Public Reference Room 2-A of the Commission's offices at 888 First Street, NE., Washington, DC 20426. The final EA may also be viewed on the Commission's Internet Web site (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Additional information about the project is available from the Commission's Office of External Affairs, at (202) 502-6088, or on the Commission's Web site using the eLibrary link. For assistance with eLibrary, contact FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676; for TTY contact (202) 502-8659.

[Docket No. PR09-16-000]

Enogex, LLC; Notice of Filing

March 11, 2009.

Take notice that on February 27, 2009, Enogex, LLC (Enogex) filed pursuant to section 284.123(e) of the Commission's regulations, a revised Statement of Operating Conditions (SOC) proposing to implement a new firm transportation service on its East Zone effective April 1, 2009. Enogex states that it is making the revisions to its SOC in advance of a rate petition which will seek to establish new firm section 311 transportation rates on its East Zone and to revise its existing interruptible rates on its East and West Zones.

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in
