

by the Commission.¹⁰ As such, C2 merely desires to adopt a mechanism that is nearly identical to one that already exists on CBOE. Permitting C2 to operate on an even playing field relative to other exchanges removes impediments to and to perfects the mechanism for a free and open market and a national market system.

The Commission has always been clear that honoring better prices on other markets can be accomplished by matching those better prices.¹¹ The proposed HAL and a “step up” process would allow C2 TPHs to do just that.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed C2 HAL is open to all market participants. The “step-up” feature of the proposed C2 HAL allows for price improvement. When such price improvement is achieved via this “stepping up” to meet (or beat) the best quoted price at another exchange, market participants are able to receive the best quoted price while still achieving execution on C2, the exchange to which they elected to send their orders.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the

Act¹² and Rule 19b-4(f)(6)¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
