

Interested parties may submit comments involving the suitability of the land for recreational, civic, and municipal facilities. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested parties may submit comments regarding the specific use(s) proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision to lease/convey under the R&PP Act, or any other factor not directly related to the suitability of the land for R&PP use.

Facsimiles, telephone calls, and electronic mail are unacceptable means of notification. Comments, including names and addresses of respondents, will be available for public review. Before including your address, telephone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Any adverse comments will be reviewed by the BLM Nevada State Director. In the absence of any adverse comments, the classification of the land described in this notice will become effective October 23, 2007. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Authority: 43 CFR part 2740.

Dated: August 6, 2007.

Bureau of Land Management

[UT-060-1610-016J]

Notice of Availability of the Draft Resource Management Plan and Draft Environmental Impact Statement for the Moab Field Office in Grand and San Juan Counties, UT

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), and the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1701 *et seq.*), the Bureau of Land Management (BLM) hereby gives notice that the Moab Draft Resource Management Plan and Draft Environmental Impact Statement (DRMP/DEIS) is available for a 90-day public review and comment period. This notice also meets requirements in 43 CFR 1610.7-2(b) concerning potential Areas of Critical Environmental Concern (ACECs).

DATES: To ensure that your written comments on the DRMP/DEIS will be considered, you should send them to the BLM within 90 days following the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**. The BLM will announce public meetings and other public-involvement activities at least 15 days in advance through public notices, news releases, direct mailings, and posting on the project Web site at <http://www.blm.gov/ut/st/en/prog/planning.1.html>. Public meetings will be held in Moab, Monticello, and Salt Lake City, Utah, and in other locations, if warranted.

ADDRESSES: Address written comments to: RMP Comments, Moab Field Office, Bureau of Land Management, 82 East Dogwood, Moab, UT 84532. Comments may also be submitted electronically by e-mail to:

UT_Moab_Comments@blm.gov.

Comments, including names and addresses of respondents, will be available for public review at the Moab Field Office, and will be subject to disclosure under the Freedom of Information Act (FOIA). Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to

withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: For further information, or to have your name added to the Moab RMP mailing list, visit the RMP Web site: <http://www.blm.gov/ut/st/en/prog/planning.1.html>. Or, you may contact Brent Northrup, RMP Project Manager, Moab BLM Field Office, 82 East Dogwood, Moab, UT 84532, phone (435) 259-2100. To have your name added to the Moab RMP mailing list, or to view and download the DRMP/DEIS in portable document format (PDF) go to the project Web site: <http://www.blm.gov/ut/st/en/prog/planning.1.html>. Copies of the DRMP/DEIS are also available at the BLM Moab Field Office.

SUPPLEMENTARY INFORMATION: The DRMP/DEIS addresses public lands and resources managed by the Moab Field Office in Grand and San Juan Counties, Utah. These lands and resources are currently managed under the Grand Resource Area RMP (1985). The planning area includes approximately 1.8 million acres of BLM-administered public lands as well as Federally-owned minerals.

The BLM analyzes four proposed alternatives in the DRMP/DEIS:

- **Alternative A (No Action):** represents continuation of existing management under the current management goals, objectives, and direction specified in the Grand Resource Area RMP.
- **Alternative B:** Emphasizes protection of natural resource values and landscapes.
- **Alternative C (BLM Preferred Alternative):** emphasizes a balance of resource protection with commodity production.
- **Alternative D:** emphasizes commodity production.

Major issues that were identified during public scoping and considered in the DRMP/DEIS include: oil and gas development; recreation and off-highway vehicle management; special designations (ACECs and suitability of rivers for Congressional designation into the national Wild and Scenic Rivers System); land areas with wilderness characteristics; and transportation and access. The DRMP/DEIS considers the designation and protection of ACECs.

ACEC values and resource use limitations vary by ACEC and the number of proposed ACECs and acres

vary by alternative (refer to the table below). More detailed management

prescriptions in these areas are provided in the DRMPR/DEIS.
