

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative upon filing. The Exchange requested the waiver because it would enable the Exchange to compete with other exchanges that have recently amended their rules to expand the levels at which orders may be grouped for STP purposes. The Exchange states that at least one such competitor exchange plans to introduce similar capabilities to market participants as early as January 9, 2023. The Exchange also states that it is currently working on technological solutions to meet this competition and to make similar offerings available to market participants as soon as possible. The Exchange expects to begin rolling out this functionality in less than 30 days from the date of filing, and thus requests waiver of the operative delay in order to promptly meet market competition. For these reasons, and because the proposed rule change does not raise any novel regulatory issues, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁴ 17 CFR 240.19b-4(f)(6)(iii).

¹⁵ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

Rule 155 (17 CFR 230.155) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) provides safe harbors for a registered offering of securities following an abandoned private offering, or a private offering following an abandoned a registered offering, without integrating the registered and private offerings in either case. In

connection with registered offering following an abandoned private offering, Rule 155 requires an issuer to include in any prospectus filed as a part of a registration statement disclosure regarding the abandoned private offering. Similarly, the rule requires an issuer to provide each offeree in a private offering following an abandoned registered offering with: (1) information concerning the withdrawal of the registration statement; (2) the fact that the private offering is unregistered; and (3) the legal implications of the offering's unregistered status. All information submitted to the Commission is available to the public for review. Companies only need to satisfy the Rule 155 information requirements if they wish to take advantage of the rule's safe harbors. The Rule 155 information is required only on occasion. We estimate Rule 155 takes approximately 4 hours per response to prepare and is filed by 600 respondents annually. We estimate that 50% of the 4 hours per response (2 hours per response) is prepared by the filer for a total annual reporting burden of 1,200 hours (2 hours per response × 600 responses).

An agency may conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov.
