Abstract: The regulations in 34 CFR 682.302(f) assures the Secretary that the integrity of the program is protected from fraud and misuse of the program funds. These regulations require a State, non-profit entity, or eligible lender trustee to provide to the Secretary a certification on the State or non-profit entity's letterhead signed by the State or non-profit's Chief Executive Officer which states the basis upon which the entity qualifies as a State or non-profit entity. The submission must include documentation establishing the entity's State or non-profit status. In addition, the submission must include the name and lender identification number for which the eligible not-for profit designation is being certified. Once an entity has been approved as an eligible not-for-profit holder, the entity must provide to the Secretary an annual certification on the State or no-profit entity's letterhead signed by the CEO, which includes the name and lender identification number(s) of the entities for which designation is being re-certified. The annual certification must state that the State or non-profit entity has not altered its status as a State or non-profit entity since its prior certification to the Secretary and that it continues to satisfy the requirements of an eligible not-for-profit holder either in its own right or through a trust agreement with an eligible lender trustee. Further, when an approved not-for-profit holder has a change in status, within 10 days of becoming aware of the occurrence of a change that may result in a State or non-profit entity that has been designated an eligible not-for-profit holder, either directly or through an eligible lender trustee, losing that eligibility, the State or non-profit entity must submit details of the change to the Secretary.

Abstract: In order to move America toward the goal of ensuring that every student in every public school has equitable access to excellent educators, Secretary Duncan announced in July 2014 that the U.S. Department of Education (Department) would ask each State educational agency (SEA) to submit a plan describing the steps it will take to ensure that "poor and minority children are not taught at higher rates than other children by inexperienced, unqualified, or out-of-field teachers," as required by section 1111(b)(8)(C) of the Elementary and Secondary Education Act of 1965 (ESEA) (hereinafter we use the term State Plan to mean only State Plans to Ensure Equitable Access to Excellent Educators.). Title I, Part A of the ESEA also requires a State educational agency (SEA) that receives a Title I, Part A grant to submit to the Secretary a plan, developed by the SEA, in consultation with local educational agencies, teachers, principals, pupil services personnel, administrators, other staff, and parents (ESEA section 1111(a)(1)). ED has developed the document titled *State Plans to Ensure Equitable Access to Excellent Educators—Frequently Asked Questions* to assist SEAs with submitting their State Plans, which includes information collection activities covered by the Paperwork Reduction Act. The information collection activities consist of the

information an SEA must develop and submit to ED in their State Plans.

The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), and DOE will consider any issues required by law or policy.
