

4(f)(6)(iii)¹² permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. Phlx has requested that the Commission waive the 30-day operative delay. Phlx believes that the proposed rule change does not significantly affect the protection of investors or the public interest because it seeks to extend for a limited period a currently operating pilot program so as to allow the Exchange and the Commission to assess whether to make the pilot permanent in accordance with its attendant obligations and conditions.¹³ The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot period to be extended without undue delay through August 25, 2011. For this reason, the Commission designates the proposed rule change to be operative upon filing with the Commission.¹⁴

At any time within 60 days of the filing of such proposed rule change the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2011-16 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary,

organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63869; File No. SR-NYSEArca-2010-119]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Approving a Proposed Rule Change To List and Trade Shares of the Teucrum WTI Crude Oil Fund

February 8, 2011.

I. Introduction

On December 20, 2010, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed

¹⁵ 17 CFR 200.30-3(a)(12).

with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares of the Teucrum WTI Crude Oil Fund under NYSE Arca Equities Rule 8.200. The proposed rule change was published for comment in the **Federal Register** on January 6, 2011.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposes to list and trade shares ("Shares") of the Teucrum WTI Crude Oil Fund ("Fund") pursuant to NYSE Arca Equities Rule 8.200. NYSE Arca Equities Rule 8.200, Commentary .02, permits the trading of Trust Issued Receipts either by listing or pursuant to unlisted trading privileges.⁴

The Shares represent beneficial ownership interests in the Fund, which is a commodity pool that is a series of the Teucrum Commodity Trust ("Trust"), a Delaware statutory trust.⁵ The Fund is managed and controlled by Teucrum Trading, LLC ("Sponsor"). The Sponsor is a Delaware limited liability company that is registered as a commodity pool operator with the Commodity Futures Trading Commission ("CFTC") and is a member of the National Futures Association.

The investment objective of the Fund is to have the daily changes in percentage terms of the Shares' net asset value ("NAV") reflect the daily changes in percentage terms of a weighted average of a weighted average of the closing settlement prices for futures contracts for Western Texas Intermediate ("WTI") crude oil, also known as Texas Light Sweet crude oil ("Oil Futures Contracts") traded on the New York Mercantile Exchange ("NYMEX"), specifically (1) the nearest to spot June or December Oil Futures Contract, weighted 35%; (2) the June or

³ See Securities Exchange Act Release No. 63625 (December 30, 2010), 76 FR 807 ("Notice").

⁴ Commentary .02 to NYSE Arca Equities Rule 8.200 applies to Trust Issued Receipts that invest in "Financial Instruments." The term "Financial Instruments," as defined in Commentary .02(b)(4) to NYSE Arca Equities Rule 8.200, means any combination of investments, including cash; securities; options on securities and indices; futures contracts; options on futures contracts; forward contracts; equity caps, collars and floors; and swap agreements.

December Oil Futures Contract following the aforementioned (1), weighted 30%; and (3) the December Oil Futures Contract following the aforementioned (2),⁶ weighted 35%; before taking Fund expenses and interest income into account. The Sponsor employs a "neutral" investment strategy intended to track the changes in the Oil Benchmark regardless of whether the Oil Benchmark goes up or down.

The Fund seeks to achieve its investment objective by investing under normal market conditions in Oil Benchmark Component Futures Contracts or, in certain circumstances, in other Oil Futures Contracts traded on the NYMEX and to a lesser extent the IntercontinentalExchange ("ICE"). The Fund may also invest in other kinds of crude oil futures contracts traded on the NYMEX or ICE or on other domestic or foreign exchanges. In addition, and to a limited extent, the Fund will invest in crude oil-based swap agreements that are cleared through the NYMEX or ICE or their affiliated providers of clearing services ("Cleared Oil Swaps") in furtherance of the Fund's investment objective, and to the extent permitted and appropriate in light of the liquidity in the Cleared Oil Swaps market. Once position limits and accountability levels in Oil Futures Contracts are applicable, the Fund's intention is to invest first in Cleared Oil Swaps to the extent permitted by the position limits and accountability levels applicable to Cleared Oil Swaps and appropriate in light of the liquidity in the Cleared Oil Swaps market,⁷ and then in contracts or instruments such as cash-settled options on Oil Futures Contracts and forward contracts, swaps other than Cleared Oil Swaps, and other over-the-counter transactions that are based on the price of crude oil and Oil Futures Contracts (collectively, "Other Oil Interests," and together with Oil Futures Contracts and Cleared Oil Swaps, "Oil Interests").⁸

⁷ See e-mail from Michael Cavalier, Chief Counsel, NYSE Euronext, to Christopher W. Chow, Special Counsel, Commission, dated December 27, 2010.

⁸ The Commission has previously approved listing of similar funds which held forward contracts or swaps on the American Stock Exchange ("Amex") and NYSE Arca. See, e.g., Securities Exchange Act Release Nos. 53582 (March 31, 2006), 71 FR 17510 (April 6, 2006) (SR-Amex-2005-127) (order approving Amex listing of United States Oil Fund, LP); 57188 (January 23, 2008), 73 FR 5607 (January 30, 2008) (SR-Amex-2007-70) (order approving Amex listing of United States Heating Oil Fund, LP and United States Gasoline Fund, LP); 61881 (April 9, 2010), 75 FR 20028 (April 16, 2010)

The Exchange represents that the Fund will meet the initial and continued listing requirements applicable to Trust Issued Receipts in NYSE Arca Equities Rule 8.200 and Commentary .02 thereto. With respect to application of Rule 10A-3 under the Act,⁹ the Trust will rely on the exception contained in Rule 10A-3(c)(7).¹⁰ A minimum of 100,000 Shares will be outstanding as of the start of trading on the Exchange.

Additional details regarding the trading policies of the Fund, creations and redemptions of the Shares, Oil Interests and other aspects of the WTI crude oil and Oil Interest markets, investment risks, Benchmark performance, NAV calculation, the dissemination and availability of information about the underlying assets, trading halts, applicable trading rules, surveillance, and the Information Bulletin, among other things, can be found in the Notice and/or the Registration Statement, as applicable.¹¹

III. Discussion and Commission's Findings

After careful consideration, the Commission finds that the proposed rule change to list and trade the Shares is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹² In particular, the Commission finds that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act,¹³ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Commission finds that the proposal to list and trade the Shares on the Exchange is also consistent with Section 11A(a)(1)(C)(iii) of the Act,¹⁴ which sets forth Congress's finding that

(SR-NYSEArca-2010-14) (order approving listing and trading of United States Brent Oil Fund, LP); and 62527 (July 19, 2010), 75 FR 43606 (July 26, 2010) (order approving listing and trading of United States Commodity Index Fund).

¹² In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for, and transactions in, securities. Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the Consolidated Tape Association ("CTA"), and the Benchmark will be disseminated by one or more major market data vendors every 15 seconds during the NYSE Arca Core Trading Session of 9:30 a.m. to 4 p.m. Eastern Time ("E.T."). In addition, the Indicative Trust Value ("ITV") will be disseminated on a per-Share basis by one or more major market data vendors every 15 seconds during the NYSE Arca Core Trading Session.¹⁵ The Fund will provide Web site disclosure of portfolio holdings daily and will include, as applicable, the names, quantity, price, and market value of Financial Instruments¹⁶ and the characteristics of such instruments and cash equivalents, and amount of cash held in the portfolio of the Fund. The closing price and settlement prices of the Oil Futures Contracts are also readily available from the NYMEX (<http://www.cmegroup.com>) and ICE (<http://www.theice.com>), automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters. The NAV for the Fund will be calculated by the Administrator once a day and will be disseminated daily to all market participants at the same time, and the Web site for the Fund (<http://www.teucriumoilfund.com>) and/or the Exchange will contain the prospectus and additional data relating to NAV and other applicable quantitative information.

The Commission further believes that the proposal to list and trade the Shares is reasonably designed to promote fair disclosure of information that may be necessary to price the Shares appropriately and to prevent trading when a reasonable degree of transparency cannot be assured. If the Exchange becomes aware that the NAV with respect to the Shares is not

¹⁵ The normal trading hours for Oil Futures Contracts on NYMEX are 9 a.m. to 2:30 p.m. E.T. The ITV will not be updated, and, therefore, a static ITV will be disseminated, between the close of trading on NYMEX of Oil Futures Contracts and the close of the NYSE Arca Core Trading Session. The value of a Share may be influenced by non-concurrent trading hours between NYSE Arca and the NYMEX and ICE when the Shares are traded on NYSE Arca after normal trading hours of Oil Futures Contracts.

¹⁶ See *supra* note 4.

disseminated to all market participants at the same time, it will halt trading in the Shares until such time as the NAV is available to all market participants. Further, the Exchange represents that it may halt trading during the day in which an interruption to the dissemination of the ITV or the value of the underlying futures contracts occurs. If the interruption to the dissemination of the ITV or the value of the underlying futures contracts persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption. In addition, the Web site disclosure of the portfolio composition of the Fund will occur at the same time as the disclosure by the Sponsor of the portfolio composition to Authorized Purchasers (as defined in the Registration Statement) so that all market participants are provided portfolio composition information at the same time. Therefore, the same portfolio information will be provided on the public Web site as well as in electronic files provided to Authorized Purchasers. Accordingly, each investor will have access to the current portfolio composition of the Fund through the Fund's Web site. Lastly, the trading of the Shares will be subject to NYSE Arca Equities Rule 8.200, Commentary .02(e), which sets forth certain restrictions on ETP Holders¹⁷ acting as registered Market Makers¹⁸ in Trust Issued Receipts to facilitate surveillance.

The Exchange has represented that the Shares are deemed equity securities subject to the Exchange's rules governing the trading of equity securities. In support of this proposal, the Exchange has made representations, including the following:

(1) The Fund will meet the initial and continued listing requirements applicable to Trust Issued Receipts in NYSE Arca Equities Rule 8.200 and Commentary .02 thereto.

(2) The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions.

(3) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable Federal securities laws.

(4) With respect to Fund assets traded on exchanges, not more than 10% of the weight of such assets in the aggregate shall consist of components whose principal trading market is not a

member of the Intermarket Surveillance Group or is a market with which the Exchange does not have a comprehensive surveillance sharing agreement.

(5) Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Specifically, the Information Bulletin will discuss the following: (a) The risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated ITV will not be calculated or publicly disseminated; (b) the procedures for purchases and redemptions of Shares (and that Shares are not individually redeemable); (c) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (d) how information regarding the ITV is disseminated; (e) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (f) trading information.

(6) A minimum of 100,000 Shares will be outstanding as of the start of trading on the Exchange.

(7) With respect to the application of Rule 10A-3 under the Act, the Trust will rely on the exception contained in Rule 10A-3(c)(7).¹⁹

This approval order is based on the Exchange's representations.²⁰

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-NYSEArca-2010-119) be, and it hereby is, approved.

¹⁹ See *supra* notes 9 and 10 and accompanying text.

²⁰ The Commission notes that it does not regulate the market for the futures in which the Fund plans to take positions, which is the responsibility of the CFTC. The CFTC has the authority to set limits on the positions that any person may take in futures on commodities. These limits may be directly set by the CFTC, or by the markets on which the futures are traded. The Commission has no role in establishing position limits on futures in commodities, even though such limits could impact a commodity-based exchange-traded product that is under the jurisdiction of the Commission.

²¹ 15 U.S.C. 78f(b)(2).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²²

Deputy Secretary.
