

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition for Intertek Testing Services NA, Inc. (ITSNA), as a NRTL. ITSNA’s expansion covers the addition of two test standards to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL’s scope of recognition includes: (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this

recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides a final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including ITSNA, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

ITSNA submitted an application dated October 1, 2023 (OSHA–2007–0039–0061), requesting the addition of two test standards to the NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing ITSNA’s expansion application in the **Federal Register** on April 25, 2025 (90 FR 17469). The

agency requested comments by May 12, 2025, but it received no comments in response to this notice. OSHA is now proceeding with this notice to grant expansion of ITSNA’s NRTL scope of recognition.

To obtain or review copies of all public documents pertaining to the ITSNA expansion application, go to www.regulations.gov or contact the Docket Office at (202) 693–2350 (TTY (877) 889–5627. Docket No. OSHA–2007–0039 contains all materials in the record containing ITSNA’s recognition.

II. Final Decision and Order

OSHA staff examined ITSNA’s expansion application and examined other pertinent information. Based on review of this evidence, OSHA finds that ITSNA meets the requirements of 29 CFR 1910.7 for expansion of recognition, subject to the specified limitations and conditions listed in this notice. OSHA, therefore, is proceeding with this final notice to grant ITSNA’s scope of recognition. OSHA limits the expansion of ITSNA’s recognition to testing and certification of products for demonstration of conformance to the test standards listed below in Table 1.

TABLE 1—APPROPRIATE TEST STANDARDS FOR INCLUSION IN ITSNA’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 2272	Electrical Systems for Personal E-Mobility Devices.
UL 2849	Electrical Systems for eBikes.

OSHA’s recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL’s scope of recognition does not include these products.

A. Conditions

Recognition is contingent on continued compliance with 29 CFR 1910.7, including, but not limited to, abiding by the following conditions of the recognition:

1. ITSNA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);

2. ITSNA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. ITSNA must continue to meet the requirements for recognition, including all previously published conditions on ITSNA’s scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of ITSNA as a NRTL, subject to the limitations and conditions specified above.
