Estimated Time per Response: 0.083 hours.

Frequency of Response: On occasion reporting requirement, recordkeeping requirement, and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Section 154(i) of the Communications Act of 1934, as amended.

Total Annual Burden: 231 hours.

Total Annual Cost: \$24,860.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: In general there is no need for confidentiality with this collection of information.

Needs and Uses: On June 2, 2014, the Commission released a Second Report and Order, FCC 14-62, WT Docket Nos.

08-166 and 08-167 and ET Docket No. 10-24, "Revisions to Rules Authorizing the Operation of Low Power Auxiliary Stations in the 698-806 MHz Band." This order expanded eligibility for low power auxiliary station licenses under Part 74 by adding two new categories of eligible entities: "large venue owner or operator" and "professional sound company." To be eligible for a Part 74 license, a large venue owner or operator and a professional sound company must routinely use 50 or more low power auxiliary station devices, where the use of such devices is an integral part of major events or productions.

The Commission seeks OMB approval for a revision of this currently approved information collection to increase the number of respondents by 200 and the number of responses by 200 to reflect the estimated increase in licensed low power auxiliary station operators who will be subject to the requirement at section 74.832(j) to retain the station license in the licensee's files or post it at the transmitter or control point of the stations.

OMB Control No.: 3060-1155.

Estimated Time per Response: 2.0 hours.

Frequency of Response: On occasion reporting requirement, recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 47 U.S.C. 154(1), 302, 303(c), 303(f), and 307.

Total Annual Burden: 4,000 hours.

Total Annual Cost: \$100,000.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information to the Commission. Respondents may request confidential treatment of such information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On June 2, 2014, the Commission released a Second Report and Order, FCC 14-62, WT Docket Nos. 08-166 and 08-167 and ET Docket No.

10-24, "Revisions to Rules Authorizing the Operation of Low Power Auxiliary Stations in the 698-806 MHz Band." This order expanded eligibility for low power auxiliary station licenses under Part 74 by adding two new categories of eligible entities: "Large venue owner or operator" and "professional sound company." The Commission is now requesting OMB approval for a revision of this information collection to increase by 200 the number of licensed low power auxiliary station operators who will be able to register in the database under 47 CFR 15.713(h)(8) to reflect the estimated number of entities that will become eligible for a license under the Second Report and Order and which will register in the database. Because these newly-eligible licensees would likely have been able to register on an unlicensed basis under 47 CFR 15.713(h)(9) (and now will register as licensees instead), the Commission is also decreasing by 200 the number of unlicensed low power auxiliary station operators who will register in the database on an unlicensed basis under 47 CFR 15.713 (h)(9).

The Commission seeks Office of Management and Budget (OMB) approval for a revised information collection for an increase in the number of LPAS licensees that will register under 47 CFR 15.713(h)(8) and a decrease in the number of unlicensed wireless microphone users that will register on an unlicensed basis under 47 CFR 15.713(h)(9).

Respondents: Individuals or households, business or other for-profit entities, not-for-profit institutions and State, local or Tribal governments.

Number of Respondents: 1,350 respondents; 3,597 responses.

L. 112-96, 126 Stat. 156, 47 U.S.C. 151, 152, 154(i), 157, 201, 301, 303, 309, 1403, 1433, and 1455(a).

Total Annual Burden: 3,535 hours.

Total Annual Cost: None.

Privacy Impact Assessment: This information collection may affect individuals or households. However, the information collection consists of third-party disclosures in which the Commission has no direct involvement. Personally identifiable information (PII) is not being collected by, made available to, or made accessible by the Commission. There are no additional impacts under the Privacy Act.

Nature and Extent of Confidentiality: No known confidentiality between third parties.

Needs and Uses: The Commission is requesting OMB approval for new disclosure requirements pertaining to Subpart CC of Part 1 of the Commission's rules. This Subpart was adopted to implement and enforce Section 6409(a) of the Middle Class Tax Relief and Job Creation Act of 2012. Section 6409(a) provides, in part, that "a State or local government may not deny, and shall approve, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station." 47 U.S.C. 1455(a)(1). In Subpart CC, the Commission adopted definitions of ambiguous terms, procedural requirements, and remedies to provide guidance to all stakeholders on the proper interpretation of the

provision and to enforce its requirements, reducing delays in the review process for wireless infrastructure modifications and facilitating the rapid deployment of wireless infrastructure.

The following are the information collection requirements in connection with Subpart CC of Part 1 of the Commission's rules:

- 47 CFR 1.40001(c)(3)(i)—To toll the 60-day review timeframe on grounds that an application is incomplete, the reviewing State or local government must provide written notice to the applicant within 30 days of receipt of the application, clearly and specifically delineating all missing documents or information. Such delineated information is limited to documents or information meeting the standard under paragraph (c)(1) of Section 1.140001.

- 47 CFR 1.140001(c)(3)(iii)—Following a supplemental submission from the applicant, the State or local government will have 10 days to notify the applicant in writing if the supplemental submission did not provide the information identified in the State or local government's original notice delineating missing information. The timeframe for review is tolled in the case of second or subsequent notices of incompleteness pursuant to the procedures identified in paragraph (c)(3). Second or subsequent notices of incompleteness may not specify missing documents or information that were not delineated in the original notice of incompleteness.

- 47 CFR 1.140001(c)(4)—If a request is deemed granted because of a failure to timely approve or deny the request, the deemed grant does not become effective until the applicant notifies the applicable reviewing authority in writing after the review period has expired (accounting for any tolling) that the application has been deemed granted.

These collections are necessary to effectuate the rule changes that implement and enforce the requirements of Section 6409(a).

Federal Communications Commission.

Office of the Managing Director.*
