

information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Policy Regarding Certain New Dietary Ingredients and Dietary Supplements Subject to the Requirement for Pre-Market Notification

OMB Control Number 0910—NEW

This draft guidance, when finalized, is intended to advise the dietary supplement industry of our intent to exercise enforcement discretion, for a limited time and in limited circumstances, regarding the requirement to submit an NDI notification prior to marketing. The

purpose of the policy is to encourage manufacturers and distributors of certain NDI-containing dietary supplements to correct any past failures to submit an NDI notification as required by § 190.6 (21 CFR 190.6). The proposed information collection requests that manufacturers and distributors who submit a late NDI notification under the enforcement discretion policy in the draft guidance supplement the notification with the following additional information: (1) A copy of the current label for the dietary supplement containing the NDI and (2) documentation to demonstrate the date that the dietary supplement was first introduced or delivered for introduction into interstate commerce.

We are developing a new submission type in the CFSAN Online Submission Module that will be used for late

notifications submitted under the temporary enforcement discretion policy if the draft guidance is finalized. A draft screenshot of the questions specific to late notifications is available for comment at <https://www.fda.gov/food/new-dietary-ingredients-ndi-notification-process/how-submit-notifications-new-dietary-ingredient>.

Description of Respondents: The respondents to this collection of information are manufacturers and distributors in the dietary supplement industry; specifically, firms that failed to comply with the NDI notification requirements in § 190.6 and that wish to take advantage of FDA's temporary enforcement discretion policy to submit a late NDI notification.

FDA estimates the burden of this collection of information as follows:

TABLE 1—ESTIMATED ONE-TIME REPORTING BURDEN ¹

Activity	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total hours
Submit product label and documentation of date of introduction into interstate commerce to FDA.	3,500	1	3,500	0.30 (18 minutes)	1,050

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

The estimates in table 1 are based on our experience with our current NDI program. We estimate that 3,500 respondents will submit their product labels and documentation of dates of introduction into interstate commerce and that each respondent will submit 1 product label and corresponding documentation of date of introduction into interstate commerce. We further estimate that preparing and submitting each response will take approximately 0.30 hour (18 minutes), resulting in a total reporting burden of 1,050 hours (3,500 responses × 0.30 hour). This will be a temporary collection of information, as we expect to conduct this program for 6 months.

This draft guidance also refers to previously approved FDA collections of information. The collections of information in § 190.6 have been approved under OMB control number 0910–0330.

Dated: May 17, 2022.

Lauren K. Roth,

Associate Commissioner for Policy.

Required Minimum Distributions; Correction

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Correction to a notice of proposed rulemaking and notice of public hearing.

SUMMARY: The IRS published a document in the **Federal Register** of February 24, 2022, concerning required minimum distributions from qualified plans; section 403(b) annuity contracts; custodial accounts, and retirement income accounts; individual retirement accounts and annuities; and eligible deferred compensation plans under section 457. The document contained an incomplete phrase.

DATES: Written or electronic comments and outlines for a public hearing are still accepted and must be received by May 25, 2022. Outlines of topics to be discussed at the public hearing scheduled for June 15, 2022, at 10 a.m. must be received by May 25, 2022.

ADDRESSES: Commenters are strongly encouraged to submit public comments electronically. Submit electronic submissions via the Federal eRulemaking Portal at www.regulations.gov (indicate IRS and REG–105954–20) by following the online instructions for submitting comments. Once submitted to the Federal eRulemaking Portal, comments cannot be edited or withdrawn. The IRS expects to have limited personnel available to process public comments that are submitted on paper through mail. Until further notice, any comments submitted on paper will be considered to the extent practicable. The Department of the Treasury (Treasury Department) and the IRS will publish for public availability any comment submitted electronically, and to the extent practicable on paper, to its public docket. Send paper submissions to: CC:PA:LPD:PR (REG–105954–20), Room 5203, Internal Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044.

FOR FURTHER INFORMATION CONTACT:

Concerning this correction notice, Brandon M. Ford, or Linda S.F. Marshall, (202) 317–6700; concerning submissions of comments and outlines of topics for the public hearing, Regina Johnson, (202) 317–5177 (not toll-free numbers) or publichearings@irs.gov.

SUPPLEMENTARY INFORMATION:**Correction**

In the **Federal Register** of February 24, 2022, in FR Doc 2022–02522, on page 10545, in the second column, correct paragraph (o)(6)(iii) to read:

Total future expected payments. Total future expected payments means the total future payments expected to be made under the annuity contract as of the date the contract is annuitized, based on the mortality rates contained in § 1.401(a)(9)–9(e), and without regard to any increases in annuity payments after that date.

Oluwafunmilayo A. Taylor,

Branch Chief, Publications and Regulations Branch, Legal Processing Division, Associate Chief Counsel, (Procedure and Administration).

RIN 1625–AA08, AA00

Special Local Regulation and Safety Zone; Back River, Baltimore County, MD

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish regulations for certain waters of the Back River. This action is necessary to provide for the safety of life on these navigable waters near Baltimore County, MD, during a fireworks display on July 16, 2022. This proposed rulemaking would prohibit persons and vessels from being in the regulated area and safety zone unless authorized by the Captain of the Port Maryland-National Capital Region or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 21, 2022.

ADDRESSES: You may submit comments identified by docket number USCG–2022–0374 using the Federal Decision Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for

further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email MST3 Melissa Kelly, U.S. Coast Guard Sector Maryland-National Capital Region; telephone 410–576–2596, email D05-DG-SectorMD-NCR-MarineEvents@uscg.mil.

II. Background, Purpose, and Legal Basis

On February 8, 2022, Fantastic Fireworks, on behalf of Tiki Lee’s Dock Bar, notified the Coast Guard that it will be conducting a fireworks display between 9 and 10 p.m. on July 16, 2022, as a part of the “Shootout on the River” event activities. The fireworks are to be launched from a barge in the Back River located near Tiki Lee’s Dock Bar in Sparrows Point, MD. Hazards from firework displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Maryland-National Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone within a 420 foot radius of the barge. The Coast Guard anticipates a large spectator fleet for these events.

The purpose of this rulemaking is to promote maritime safety and protect participants and the boating public in the Back River immediately prior to, during, and after the scheduled events. The regulations will provide for controlled passage of spectating vessels and a safety buffer around the fireworks barge for the benefit of participants and spectators. The regulations will impact the movement of all vessels operating in specified waters of the Back River. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

III. Discussion of Proposed Rule

The COTP Maryland-National Capital Region is proposing to establish temporary regulations (special local regulation and safety zone) from 8 p.m. to 10:30 p.m. on July 16, 2022.

The COTP is proposing to establish a special local regulation for the area in the Back River in which spectating vessels will transit and gather. The regulated area would cover all navigable waters of Back River within an area bounded by a line connecting the following points: From the shoreline at Lynch Point at latitude 39°14’46” N, longitude 076°26’23” W, thence northeast to Porter Point at latitude 39°15’13” N, longitude 076°26’11” W, thence north along the shoreline to Walnut Point at latitude 39°17’06” N, longitude 076°27’04” W, thence southwest to the shoreline at latitude 39°16’41” N, longitude 076°27’31” W, thence south along the shoreline to the point of origin, located in Baltimore County, MD. The regulated area is approximately 4,200 yards in length and 1,200 yards in width.

In addition to establishing a special local regulation, the COTP is proposing to establish a temporary safety zone around the fireworks discharge site, in approximate position latitude 39°15’35.54” N, longitude 76°26’56.62” W. The safety zone would cover all navigable waters within 420 feet of a fireworks barge in the Back River located near Tiki Lee’s Dock Bar in Sparrow’s Point, MD. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the scheduled fireworks display. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, duration, and time-of-day of the special local regulation
