DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

July 2, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by August 8, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW, Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Forest Service Ride-Along Program Application.

OMB Control Number: 0596–0170.

Summary of Collection: The Forest Service (FS) ride-along program allows the general public or other interested person to accompany agency law enforcement personnel as they conduct their normal field duties, including access to and discussions about agency law enforcement vehicles, procedures, and facilities. The program provides an opportunity for officers to enhance the public's understanding and support of the agency program and to increase agency understanding of public and community concerns. The program also aids the agency's recruitment program by allowing interested persons to observe a potential career choice or to participate in innovative intern-type programs, and by allowing the agency to showcase the quality of its program and services.

Need and Use of the Information: Information will be collected from any person who voluntarily approaches the FS and wishes to participate in the program. The FS 5300–33 program application form will be used to conduct a minimal background check and the FS 5300–34 is a liability waiver form that requires the applicant's signature and their written assurance that they have read and understood the form. The information collected from the forms will be used by FS and, in appropriate part, by any person or entity needed and authorized by the FS to provide the needed background information (primarily applicable local law enforcement agencies, state criminal justice agencies maintaining state justice records, and by the FBI). If the information is not collected, the program could not operate.

Description of Respondents: Individuals or households.

Number of Respondents: 182.

Frequency of Responses: Reporting: Other (per applicant).

Total Burden Hours: 30.

Agricultural Marketing Service

Title: Local Food Directories and Survey.

OMB Control Number: 0581-0169.

Summary of Collection: The primary legislative basis for conducting farmer's market research is the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627). In addition, the Farmer-to-Consumer Direct Marketing Act of 1976 supports USDA's work to enhance the effectiveness of direct marketing, such as the development of modern farmers markets, the development of On-Farm Markets, Community Supported Agriculture (CSA) and Food Hubs. The Marketing Services Division (MSD), Agricultural Marketing Service (AMS) identifies marketing opportunities, provides analysis to help take advantage of those opportunities and develops and evaluates solutions including improving farmers markets and other direct-to-consumer marketing activities. Markets are maintained by State Departments of Agriculture, local public authorities, grower organizations and non-profit organizations.

Need and Use of the Information: The information will be collected using the form TM-6 "Farmers' Market Directory and Survey," the On-Farm Market Questionnaire, CSA Questionnaire, and the Food Hub Questionnaire. Each survey/questionnaire collects the data necessary to populate the USDA National Farmers Market Directory, and the other three direct to customer directories. Combining the collections will reduce the number of times that it seeks to make contact with market managers. Participating market managers are invited to participate in an optional National Farmers Market Managers Survey evaluating the farmer's market sector. These markets represent a varied range of sizes, geographical locations, types, ownership, structure, and will provide a valid overview of farmers markets in the United States. Information such as the size of market's, operating times and days, retail and wholesale sales, management structure, and rules and regulations governing the markets are all important questions that need to be answered in the design of a new market. The information developed by the Farmer's Market Survey will support better designs, development techniques, and operating methods for

modern farmers markets and outline improvements that can be applied to revitalize existing markets. The three direct marketing channel directories along with the National Farmer's Market Directory website will provide synergies, give customers a one stop shopping website for a wide variety of locally produced directly marketed farm products, and provide a free advertising venue for agricultural enterprise managers seeking to diversify their farming operation by marketing directly to customers.

Description of Respondents: Not-for-profit institutions.

Number of Respondents: 8,700.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 2,069.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2019-0034]

Oral Rabies Vaccine Program; Availability of an Environmental Assessment

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability and request for comments.

SUMMARY: We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment (EA) relative to an oral rabies vaccination (ORV) program in Maine, New Hampshire, New York, Ohio, Tennessee, Texas, Vermont, Virginia, and West Virginia. The EA analyzes the proposed expanded use of ONRAB vaccine-baits throughout the ORV distribution zone in those States in cooperation with the U.S. Forest Service. The proposed expanded ONRAB vaccine distribution is necessary as a higher level of population immunity in raccoons is desired in order to maximize the effectiveness of ORV programs. We are making the EA available to the public for review and comment.

DATES: We will consider all comments that we receive on or before August 8, 2019.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0034>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2019-0034, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

The supplemental environmental assessment and any comments we receive may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0034> or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

This notice and the supplemental environmental assessment are also posted on the Animal and Plant Health Inspection Service website at http://www.aphis.usda.gov/regulations/ws/ws_nepa_environmental_documents.shtml.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Chipman, Rabies Program Coordinator, Wildlife Services, APHIS, 59 Chennell Drive, Suite 7, Concord, NH 03301; (603) 223-9623; email: richard.b.chipman@usda.gov. To obtain copies of the supplemental

environmental assessment, contact Ms. Beth Kabert, Staff Wildlife Biologist, Wildlife Services, 59 Chennell Drive, Suite 7, Concord, NH 03301; (908) 442-6761; fax (603) 229-0502; email: beth.e.kabert@usda.gov.

SUPPLEMENTARY INFORMATION: The Wildlife Services (WS) program in the Animal and Plant Health Inspection Service cooperates with Federal agencies, State and local governments, and private individuals to research and implement the best methods of managing conflicts between wildlife and human health and safety, agriculture, property, and natural resources. Wildlife-borne diseases that can affect domestic animals and humans are among the types of conflicts that WS addresses. Wildlife is the dominant reservoir of rabies in the United States.

WS conducts an oral rabies vaccination (ORV) program to control the spread of rabies. The ORV program has utilized a vaccinia-rabies glycoprotein (V-RG) vaccine. WS' use of the V-RG vaccine has resulted in several notable accomplishments, including the elimination of canine rabies from sources in Mexico, the successful control of gray fox rabies virus variant in western Texas, and the
