[MD097-3050b; FRL-6735-5]

Approval and Promulgation of Air Quality Implementation Plans; Maryland; 15 Percent Plan for the Metropolitan Washington, D.C. Ozone Nonattainment Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: We are proposing to convert our conditional approval of the Maryland State Implementation Plan (SIP) revision to achieve a 15 percent reduction in volatile organic compound emissions (15% plan SIP revision) in the Metropolitan Washington, D.C. ozone nonattainment area to a full approval. In the "Rules and Regulations" section of this **Federal Register**, we are converting our conditional approval of Maryland's 15% plan SIP revision to a full approval as a direct final rule because we view this as a noncontroversial amendment and because we anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If we receive no adverse comments, we will not undertake further action on this proposed rule. If we receive adverse comments, we will withdraw the direct final rule, and it will not take effect. We will address all public comments in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Anyone interested in providing comments on this action should do so at this time.

DATES: Comments must be received in writing by August 18, 2000.

ADDRESSES: Written comments should be addressed to David L. Arnold, Chief, Ozone and Mobile Sources Branch, Mailcode 3AP21, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; and

the Maryland Department of the Environment, 2500 Broening Highway, Baltimore, Maryland 21224.
