Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Participant Feedback on Training Under the Cooperative Agreement for Mental Health Care Provider Education in HIV/AIDS Program (OMB No. 0930-0195)—Extension

The Substance Abuse and Mental Health Services Administration's (SAMHSA) Center for Mental Health Services (CMHS) intends to continue to conduct a multi-site assessment for the Mental Health Care Provider Education in HIV/AIDS Program. The education programs funded under this cooperative agreement are designed to disseminate knowledge of the psychological and neuropsychiatric sequelae of HIV/AIDS to both traditional (e.g., psychiatrists, psychologists, nurses, primary care physicians, medical students, and social workers) and non-traditional (e.g., clergy, and alternative health care workers) first-line providers of mental health services, in particular to providers in minority communities.

The multi-site assessment is designed to assess the effectiveness of particular training curricula, document the integrity of training delivery formats, and assess the effectiveness of the various training delivery formats.

Analyses will assist CMHS in documenting the numbers and types of traditional and non-traditional mental health providers accessing training; the content, nature and types of training participants receive; and the extent to which trainees experience knowledge, skill and attitude gains/changes as a result of training attendance. The multi-site data collection design uses a two-tiered data collection and analytic strategy to collect information on (1) the organization and delivery of training, and (2) the impact of training on participants' knowledge, skills and abilities.

Information about the organization and delivery of training will be collected from trainers and staff who are funded by these cooperative agreements/contracts, hence there is no respondent burden. All training participants will be asked to complete a brief feedback form at the end of the training session. CMHS anticipates funding 10 education sites for the Mental Health Care Provider Education in HIV/AIDS Program. The annual burden estimates for this activity are shown below:

Form	Responses per respondent	Estimated number of respondents (× 10 sites)	Hours per response	Total hours
Session Report Form	1	60 × 10 = 600	0.080	48
Participant Feedback Form (General Education)	1	500 × 10 = 5,000	0.167	835
Neuropsychiatric Participant Feedback Form	1	400 × 10 = 1,600	0.167	668
Adherence Participant Feedback Form	1	100 × 10 = 1,000	0.167	167
Ethics Participant Feedback Form	1	200 × 10 = 2,000	0.167	125
Total		12,600		1,843

Written comments and recommendations concerning the proposed information collection should be sent by January 18, 2011 to: SAMHSA Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503; due to potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, respondents are encouraged to submit comments by fax to: 202-395-7285.

Dated: December 13, 2010.

Elaine Parry,

Director, Office of Management, Technology and Operations.

Project: Cross-Site Evaluation for the Benefit of Homeless Individuals (GBHI)—NEW

SAMHSA's Center for Substance Abuse Treatment (CSAT) is conducting a cross-site external evaluation of the impact of the Grants for the Benefit of Homeless Individuals (GBHI) program. GBHI is a grant program that links substance abuse and mental health treatment with housing and other needed services and expands and strengthens these services for people with substance use and co-occurring mental health problems who are homeless. The national cross-site evaluation will assess the effectiveness, efficiency and sustainability of the GBHI project services for client abstinence, housing stability, homelessness, and related employment, criminal justice and services outcomes, as well as lessons learned to inform future efforts.
