(e) Anyone whose job duties or official work capacity are closely related to the statistical model that is the subject of the competition is not eligible.

(4) *Procedure for obtaining additional information:*

(a) The Census Bureau will monitor questions or discussion posted on the Kaggle.com competition site.

(b) Entrants may also direct questions to census.return.rate.challenge@census.gov.

(5) *Judge and Judging Procedures.*

(a) Until the last day of the competition, Entrants' scores and ranks on the Public Leaderboard on the Kaggle Web site will be calculated from the predicted results in an Entrants' submission and the ground truth of a validation dataset. At the close of the competition, the scores and associated ranks on the Public Leaderboard will be calculated from the predicted results and ground truth in the private testing dataset to confirm accuracy. The top-3 Entrant(s), based on the results using the private testing database, will be declared as tentative Prize Winners.

(b) A week before the end of the competition, there will be a visualization competition. The goal of this competition will be to create insightful visualizations from the data that was provided for the predictive modeling competition. There will be a single winner who will be chosen by Kaggle community vote on the Web site. This winner of the visualization competition will receive one thousand dollars as a prize.

(c) The evaluation metric that forms the basis for the Leaderboard scores will be displayed on the Web site. Because of variability in block group population counts, the evaluation metric may be weighted by the 2010 Census population block group count.

(d) As a condition of receipt of the prize, the winner(s) must deliver the algorithm's code and documentation to the Census Bureau. The source code must contain a description of resources required to build and run the algorithm. The individual winner, or each individual on a team should the winner be a team Entrant, will be required to complete, sign and return a Declaration of Eligibility, Non-Exclusive License, and Release form.

(e) The prize may be delivered by U.S. mail or electronically. To facilitate electronic delivery, the winner will need to submit financial account information sufficient to support electronic transfer of the prize.

(f) Regardless of the method of delivering the prize money, the Entrant(s) may be subject to Federal and/or state income taxation. Entrant(s) may be required to fill out tax and related forms before receiving the prize. Kaggle will provide necessary forms at the end of the challenge to the winning Entrants.

(g) For more information on judging and judging procedures, please refer to <http://www.kaggle.com/c/us-census-challenge/details/rules>.

(6) *Intellectual property/Copyright.* Each Entrant warrants, upon submitting an entry, that he or she is the sole owner of the submission, and that the submission is wholly original with the Entrant and does not infringe on any copyright or other rights of any third party of which the Entrant is aware.

Each Entrant (a) grants to Census Bureau and its designees a worldwide, non-exclusive, sub-licensable, transferable, fully paid-up, royalty-free, perpetual, irrevocable license to use, not use, reproduce, distribute, create derivative works of, publicly-perform, publicly-display, digitally-perform, make, have made, sell, offer for sale and import each Entry and the algorithm used to produce the Entry, in any media now known or hereafter developed, for any purpose whatsoever, commercial or otherwise, without further approval by or payment to Entrant (the "License") and (b) that he/she/it has the unrestricted right to grant the License.

(8) *General.* In the Census Bureau's sole discretion, the Census Bureau may cancel, suspend, and/or modify the competition, in whole or part, for any reason. By participating in this competition, the Entrant(s) fully and unconditionally agrees to abide by all competition rules stated in this Notice and found at www.kaggle.com.
