Title of the Collection: Evaluation of the Certified Community Behavioral Health Clinic Demonstration in Accordance with the Bipartisan Safer Communities Act.

Type of Collection: New.

OMB No.: 0990–XXXX.

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) at the U.S. Department of Health and Human Services (HHS) is requesting Office of Management and Budget (OMB) approval for new data collection activities to support its evaluation of the Certified Community Behavioral Health Clinic (CCBHC) demonstration program in accordance

with the Bipartisan Safer Communities Act.

Section 223 of the Protecting Access to Medicare Act (Pub. L. 113–93; PAMA) authorized the Certified Community Behavioral Health Clinic (CCBHC) demonstration to allow states to test a different strategy for delivering and reimbursing a comprehensive array of services provided in community behavioral health clinics. The demonstration aims to improve the availability, quality, and outcomes of outpatient services provided in these clinics by establishing a standard definition for CCBHCs and develops a new Medicaid prospective payment system (PPS) in each state that accounts for the total cost of providing nine types of services to all people who seek care. The PPS in each state is designed to provide CCBHCs with the financial support and stability necessary to deliver these required services. The demonstration also aims to incentivize quality through quality bonus payments to clinics and requires CCBHCs to report quality measures and costs. The demonstration was originally authorized for two years.

Need and Proposed Use of the Information: PAMA mandates that HHS submit reports to Congress about the Section 223 demonstration that assess (1) access to community-based mental health services under Medicaid in the area or areas of a state targeted by a demonstration program as compared to other areas of the state, (2) the quality and scope of services provided by certified community behavioral health clinics as compared to community-based mental health services provided in states not participating in a demonstration program and in areas of a demonstration state that are not participating in the demonstration, and (3) the impact of the demonstration on the federal and state costs of a full range of mental health services (including inpatient, emergency, and ambulatory services). The ability of ASPE to provide this information to Congress requires a rigorously designed and independent evaluation of the CCBHC demonstration.

The total annual burden hours estimated for this information collection request are summarized in the table below.

Title of the Collection: SF–428 Tangible Personal Property Report.

Type of Collection: Extension.

OMB No.: 4040–0018.

Abstract: Reporting on the status of Federally-owned property, including disposition, is necessitated in 2 CFR part 215, the “Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations”, and the “Uniform Administrative Requirements for Grants and Agreements with State and Local Governments”, Additionally, Public Law 106–107, the Federal Financial Assistance Management Improvement Act requires that agencies “simplify Federal financial assistance application

The form consists of the cover sheet (SF–428), three attachments to be used as required: Annual Report, SF–428–A;

Final Report, SF–428–B; Disposition Request/Report, SF–428–C and a Supplemental Sheet, SF–428S to provide detailed individual item information when required. This IC expires on November 30, 2024. *Grants.gov* seeks a three-year clearance of this collection.
