

Number of Respondents: Examiner Performance Assessment—30 per year; Team Leader Performance Assessment—300 per year.

Average Hours per Response: Examiner Performance Assessment—20 minutes; Team Leader Performance Assessment—5 minutes.

Burden Hours: Examiner Performance Assessment—10 hours; Team Leader Performance Assessment—25 hours.

Needs and Uses: The purpose of the information is to help staff collect data on the skills of the examiners, including alumni examiners, in order to best manage training and selection. Because the examiner selection is so competitive, examiners need to demonstrate competencies such as understanding the Baldrige Criteria, team skills, and writing skills. The program also needs to collect peer-based information to understand an examiner's skill level in order to make decisions on whether the examiner should be elevated to "senior examiner" and therefore team leader. The blinded data will be shared with the team leader for improvement purposes, and for future assignments.

Affected Public: Individual or Households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering the title of the collection.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510–13–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XC400]

Permits; Foreign Fishing

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of application for transshipment permit; request for comments.

SUMMARY: NMFS publishes for public review and comment information regarding a permit application for transshipment of farmed salmon from aquaculture operations in Maine waters to processing plants in Canada by Canadian flagged vessels. The application for a transshipment permit is submitted under provisions of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). This action is necessary for NMFS to make a determination that the permit application can be approved.

DATES: Written comments must be received by December 13, 2022.

ADDRESSES: Written comments on this action, identified by RTID 0648–XC400 should be sent to Kent Laborde and Jasmine Prat in the NMFS Office of International Affairs, Trade, and Commerce by email at kent.laborde@noaa.gov and jasmine.prat@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Kent Laborde and Jasmine Prat by email at kent.laborde@noaa.gov and jasmine.prat@noaa.gov, or by phone at 301–427–8364.

SUPPLEMENTARY INFORMATION:

Background

Section 204(d) of the Magnuson-Stevens Act (16 U.S.C. 1824(d)) authorizes the Secretary of Commerce (Secretary) to issue a transshipment permit for a vessel other than a vessel of the United States to engage in fishing consisting solely of transporting fish or fish products at sea from a point within the United States Exclusive Economic Zone (EEZ) or, with the concurrence of a state, within the boundaries of that state, to a point outside the United States.

Section 204(d)(3)(D) of the Magnuson-Stevens Act provides that an application to transship from U.S. waters to another country using non-U.S. vessels may not be approved until the Secretary determines that "no owner or operator of a vessel of the United States which has adequate capacity to perform the transportation for which the application is submitted has indicated . . . an interest in performing the transportation at fair and reasonable rates." NMFS is publishing this notice as part of its effort to make such a determination with respect to the application described below.

Summary of Application

NMFS received an application from True North Salmon Limited Partnership, Kelly Cove Salmon Limited, and 697002 NB, Inc., requesting authorization to transfer salmon from U.S. farm pens in Maine waters to five Canadian vessels for the purpose of transporting the salmon to Black's Harbour, Canada for processing. The transshipment operations will occur within the boundaries of the State of Maine, and within 12 nautical miles from Maine's seaward boundary. NMFS issued permits for the same vessels for use in calendar year 2022. Those permits will expire December 31, 2022.

Dated: November 21, 2022.

Michael T. Brakke,

Acting Director, Office of International Affairs, Trade, and Commerce, National Marine Fisheries Service.

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of one permit application for enhancement and monitoring purposes, including an associated Hatchery and Genetic Management Plan (HGMP), and notice of availability of a draft environmental assessment (EA).

SUMMARY: We, NMFS, announce receipt of a permit application (26277) to enhance the propagation and survival of species listed under the Endangered Species Act (ESA) of 1973, as amended, from the United States Corps of Engineers (USACE) and California Department of Fish and Wildlife (CDFW). The USACE and CDFW are requesting for the next 10 years, hatchery and monitoring activities associated with the Russian River Steelhead Program (RRSP). As part of this permit application, the USACE and CDFW have submitted an HGMP as an attachment to the application. This notice advises the public that the permit application and associated HGMP are available for review and comment, prior to a determination by NMFS on the issuance of the permit. This document
