

and direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

To help the Coast Guard establish regular and meaningful consultation and collaboration with Indian and Alaskan Native tribes, we published a notice in the **Federal Register** (66 FR 36361, July 11, 2001) requesting comments on how to best carry out the Order. We invite your comments on how this rule might impact tribal governments, even if that impact may not constitute a "tribal implication" under the Order.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade permit are specifically excluded from further analysis and documentation under those sections. An "Environmental Analysis Check List" and a "Categorical Exclusion Determination" are available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233 through 1236; Department of Homeland Security Delegation No. 0170, 33 CFR 100.35.

■ 2. From 6 p.m. on May 23, 2003 to 5 p.m. on May 25, 2003, add a temporary § 100.35–T05–048 to read as follows:

§ 100.35–T05–048 Patuxent River, Solomons, Maryland.

(a) Definitions.

(1) *Coast Guard Patrol Commander.* The Coast Guard Patrol Commander is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Activities Baltimore.

(2) *Official Patrol.* The Official Patrol is any vessel with a commissioned, warrant, or petty officer of the Coast Guard on board and displaying a Coast Guard ensign.

(3) *Regulated Area.* All waters of the lower Patuxent River, near Solomons, Maryland, located between Fishing Point and the base of the breakwall marking the entrance to the East Seaplane Basin at the Naval Air Warfare Center Patuxent River, within an area approximately 850 yards long and 700 yards wide, bounded by a line connecting position 38°17'58.4" N, 076°25'28.0" W, along the shoreline to position 38°17'38.6" N, 076°25'47.7" W, to position 38°17'51.5" N, 076°26'08.6" W, to position 38°18'10.7" N, 076°25'48.8" W, to position 38°17'58.4" N, 076°25'28.0" W. All coordinates reference Datum NAD 1983.

(b) Special local regulations.

(1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any official patrol, including any commissioned, warrant, or petty officer on board a vessel displaying a Coast Guard ensign.

(ii) Proceed as directed by any official patrol, including any commissioned, warrant, or petty officer on board a vessel displaying a Coast Guard ensign.

(c) *Effective period.* This section is effective from 6 p.m. on May 23, 2003 to 5 p.m. on May 25, 2003.

Dated: May 12, 2003.

Ben R. Thomason III,

Captain, U.S. Coast Guard, Acting Commander, Fifth Coast Guard District.

Coast Guard

33 CFR Part 165

[COTP San Diego 03–019]

RIN 1625–AA00

Safety Zone; Colorado River, Between Davis Dam and Laughlin Bridge (This Section of the Colorado River Divides Arizona and Nevada)

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard proposes a temporary safety zone within the Davis Camp Region on the navigable waters of the Colorado River for the Laughlin River Days boat race. This temporary safety zone consists of the navigable waters of the Colorado River between Davis Dam and the Laughlin Bridge.

This temporary safety zone is necessary to provide for the safety of the crew, spectators, and participants of the race, to protect the participating vessels and to protect other users of the waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

DATES: This rule is effective from 7:30 a.m. (p.d.t.) on May 31, 2003 until 5:30 p.m. (p.d.t.) on June 1, 2003.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [COTP San Diego 03–019] and are available for inspection or copying at Marine Safety Office San Diego, 2716 N. Harbor Drive, San Diego, CA 92101–1064 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Petty Officer Austin Murai, USCG, c/o U.S. Coast Guard Captain of the Port, telephone (619) 683–6495.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this

regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. In keeping with the requirements of 5 U.S.C.

553(d)(3), the Coast Guard also finds that good cause exists for making this regulation effective less than 30 days after publication in the **Federal**

Register. The precise location of the event necessitating promulgation of this safety zone and other logistical details surrounding the event were not finalized until a date fewer than 30 days prior to the event. Delaying the effective date of this rule would be contrary to the public interest because doing such would prevent the Coast Guard from maintaining the safety of the participants of the event and users of the waterway.

Background and Purpose

The Coast Guard is establishing a temporary safety zone on the navigable waters of the Colorado River in Laughlin, Nevada in support of the marine event Laughlin River Days. The marine event Laughlin River Days involves vessels racing at high speeds on an established course on the Colorado River in Laughlin, NV. This temporary safety zone is necessary to provide for the safety of the participants and spectators of this event, the participating vessels, and to protect other users of this waterway. Persons and vessels are prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

Discussion of Rule

This temporary safety zone is necessary to provide for the safety of the participants, spectators, and sponsor vessels of the Laughlin River Days boat race. This temporary safety zone is also necessary to protect other vessels and users of the waterway.

This temporary safety zone consists of the navigable waters of the Colorado River between Davis Dam and the Laughlin Bridge. The limits of this safety zone are as follows: from that portion of the Colorado River, starting at Davis Dam, mile marker 276, to the Laughlin Bridge, mile marker 274.1.

Persons and vessels will be prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not

require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

Due to the temporary safety zone's short duration of two days, its limited scope of implementation, and because vessels will have an opportunity to request authorization to transit, the Coast Guard expects the economic impact of this rule to be so minimal that full regulatory evaluation under paragraph 10(e) of the regulatory policies and procedures of the DHS is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

For the same reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule is not expected to have a significant economic impact on any substantial number of entities, regardless of size.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), the Coast Guard wants to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process. If your small business or organization is affected by this rule and you have questions concerning its provisions or options for compliance, please contact Lieutenant Commander Rick Sorrell, U.S. Coast Guard Marine Safety Office San Diego at (619) 683–6495.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by

employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,

or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that Order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction, from further environmental documentation.

Under figure 2-1, paragraph (34)(g), of the Instruction, an "Environmental Analysis Check List" and a "Categorical Exclusion Determination" are not required for this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; and 33 CFR 1.05-1(g), 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.

■ 2. Add a new § 165.T11-037 to read as follows:

§ 165.T11-037 Safety Zone: Colorado River, Between Davis Dam and Laughlin Bridge.

(a) *Location.* The following area is a safety zone: from that portion of the Colorado River, starting at Davis Dam, mile marker 276, to the Laughlin Bridge, mile marker 274.1.

(b) *Effective period.* This safety zone will be in effect from 7:30 a.m. (p.d.t.) on May 31, 2003 until 5:30 p.m. (p.d.t.) on June 1, 2003.

(c) *Regulations.* In accordance with the general regulations in § 165.23 of this part, entry into, transit through or anchoring within the safety zone is prohibited unless authorized by the Coast Guard Captain of the Port, San Diego, or his designated representative. The designated Patrol Commander for this event will be Chief Petty Officer Rich Dann. The Patrol Commander may be contacted via VHF-FM channel 16.

Dated: May 13 2003.

Robert E. McFarland,

*Lieutenant Commander, U.S. Coast Guard,
Acting Captain of the Port, San Diego.*

[CGD13-03-001]

RIN 1625-AA00 (Formerly RIN 2115-AA97)

Safety Zone Regulation; Fort Vancouver Fireworks Display, Columbia River, Vancouver, WA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the waters of the Columbia River in the vicinity of Vancouver, Washington that will be enforced every July 4. The Captain of the Port, Portland, Oregon, is taking this action to safeguard watercraft and their occupants from safety hazards associated with the fireworks display. Entry into this safety zone is prohibited unless authorized by the Captain of the Port.

DATES: This rule is effective from June 27, 2003.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket (CGD13-03-001) and are available for inspection or copying at USCG MSO/Group Portland 6767 N.

Basin Ave, Portland, Oregon 97217 between 7 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Junior Grade Tad Drozdowski, Operations Department, at (503) 240-9370.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On February 14, 2003, we published a notice of proposed rulemaking (NPRM) entitled Safety Zone Regulation; Fort Vancouver Fireworks Display, Columbia River, Washington in the **Federal Register** (68 FR 7471). We received no letters commenting on the proposed rule. No public hearing was requested, and none was held.

Background and Purpose

The Coast Guard is establishing a temporary safety zone to allow a safe fireworks display. This event may result in a number of vessels congregating near the fireworks launching barge. The safety zone is needed to protect watercraft and their occupants from safety hazards associated with the fireworks display.

Discussion of Comments and Changes

No comments were received from the public regarding this proposed rule.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS). The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory evaluation under the regulatory policies and procedures of DHS is unnecessary. This expectation is based on the fact that the regulated area established by the proposed regulation will encompass less than one mile of the Columbia River for a period of only one and a half hours at night when vessel traffic is low.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not
