SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The information collection requirements specified in the Cotton Dust Standard protect workers from the adverse health effects that may result from their exposure to cotton dust. The major information collection requirements of the Cotton Dust Standard include: performing exposure monitoring, including initial, periodic,

and additional monitoring; notifying each worker of their exposure monitoring results either in writing or by posting; implementing a written compliance program; and establishing a respiratory protection program in accordance with OSHA's Respiratory Protection Standard (29 CFR 1910.134).

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

OSHA is requesting an adjustment decrease in burden hours from 35,739 to 20,558 (a total decrease of 15,181 hours). The adjustment is primarily due to a decrease in covered workers.

Type of Review: Extension of a Currently Approved Collection.

Title: Cotton Dust Standard (29 CFR 1910.1043).

OMB Number: 1218-0061.

Affected Public: Business or other for-profits; Federal Government; State, Local or Tribal Government.

Number of Respondents: 281.

Frequency of Response: Annually; semi-annually; on occasion.

Total Responses: 53,622.

Average Time per Response: Varies from 5 minutes (.08 hour) for a secretary to maintain a record to 2 hours to conduct exposure monitoring.

Estimated Total Burden Hours: 20,558.

Estimated Cost (Operation and Maintenance): \$2,449,194.

Agency Information Collection Activities: Proposed Collection; Comment Request; the Partnership Fund for Program Integrity Innovation Pilot Idea Template

AGENCY: Office of Management and Budget.

ACTION: Notice and request for public comments.

SUMMARY: The Office of Federal Financial Management (OFFM) within the Office of Management and Budget is proposing for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*) the attached template for pilot idea summaries submitted to the Partnership Fund for Program Integrity Innovation (Partnership Fund). This notice announces that OFFM intends to submit this collection to OMB for approval and solicits comments on specific aspects for the proposed collection. The first notice of this information collection request, as required by the Paperwork Reduction Act, was published in the **Federal Register** on June 6, 2011 [76 FR 32375]. There were no comments on the first notice.

The Partnership Fund seeks to identify pilot projects to improve the service delivery, payment accuracy, and administrative efficiency of state-administered Federal assistance programs, while also reducing access barriers for eligible beneficiaries.

The proposed pilot idea summary template is intended for use by those wishing to submit pilot ideas for consideration. It outlines the specific information required by the Partnership Fund to make informed decisions in the pilot selection process. Pilot ideas to advance the Partnership Fund's goals are being solicited from all stakeholders, including the general public. The template is currently in use by Federal agencies based on OMB guidance. If approved under the Paperwork Reduction Act, it will be used to solicit ideas from stakeholders outside the Federal government both as a general template and as an online form for idea solicitations through the Partnership Fund web site, <http://www.partner4solutions.gov>. Currently, general ideas may be submitted via e-mail to partner4solutions@omb.eop.gov, or through <http://www.partner4solutions.gov>. The Partnership Fund is funded through FY 2012 and will continue to accept pilot idea proposals on a rolling basis until funding is exhausted. The Partnership Fund must
