

3,000 finance companies has been drawn for the FR 3033s. The survey will be sent on March 21, 2016, and will collect detailed information, as of December 31, 2015, from both assets and liability sides of the respondents' balance sheets, along with income and expenses, the number of accounts and offices, and the small-business credit they extend, if any. The data collected from this voluntary survey will be used for two purposes: to benchmark the consumer and business finance series collected on the monthly Domestic Finance Company Report of Consolidated Assets and Liabilities (FR 2248; OMB No. 7100-0005) and to increase the Board's understanding of an important part of the financial system.

Current Actions: On January 12, 2016, the Federal Reserve published a notice in the **Federal Register** (81 FR 1421) requesting public comment for 60 days on the proposal to extend the FR 3033s for three years and to revise the survey by adding a section to solicit information from the finance companies on income and expenses, number of accounts and offices, and small business credit they extend. The comment period for the notice expired on March 14, 2016. The Federal Reserve did not receive any comments, and the information collection will be revised as proposed.

Board of Governors of the Federal Reserve System, March 16, 2016.

Robert deV. Frierson,
Secretary of the Board.
