

Rules and Regulations

Federal Register

Vol. 71, No. 41

Thursday, March 2, 2006

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

7 CFR Part 319

[Docket No. 02-019-3]

Phytosanitary Treatments; Location of Treatment Schedules and Other Requirements; Correction

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Final rule; correction.

SUMMARY: We are correcting an error in the amendatory instructions in our final rule that removed the Plant Protection and Quarantine Treatment Manual from the list of materials incorporated by reference and added treatment schedules and related requirements from that document to our phytosanitary treatments regulations. The final rule was effective and published in the **Federal Register** on June 7, 2005 (70 FR 33264-33326, Docket No. 02-019-1).

EFFECTIVE DATE: March 2, 2006.

FOR FURTHER INFORMATION CONTACT: Ms. Meredith C. Jones, Regulatory Coordination Specialist, PPQ, APHIS, 4700 River Road Unit 141, Riverdale, MD 20737-1236; (301) 734-7467.

SUPPLEMENTARY INFORMATION: In a final rule effective and published in the **Federal Register** on June 7, 2005 (70 FR 33264-33326, Docket No. 02-019-1), we amended the plant health regulations by adding to 7 CFR part 305 treatment schedules and related requirements that had appeared in the Plant Protection and Quarantine Treatment Manual and by removing the Plant Protection and Quarantine Treatment Manual from the list of materials incorporated by reference into the regulations.

In the final rule, it was our intention to amend the regulations by, among

other things, adding gender-neutral references in the third sentence of § 319.8. However, our amendatory instruction that was intended to accomplish this change was erroneous. This document corrects that error.

List of Subjects in 7 CFR Part 319

Coffee, Cotton, Fruits, Imports, Logs, Nursery stock, Plant diseases and pests, Quarantine, Reporting and recordkeeping requirements, Rice, Vegetables.

■ Accordingly, 7 CFR part 319 is corrected by making the following correcting amendment:

PART 319—FOREIGN QUARANTINE NOTICES

■ 1. The authority citation for part 319 continues to read as follows:

Authority: 7 U.S.C. 450, 7701-7772, and 7781-7786; 21 U.S.C. 136 and 136a; 7 CFR 2.22, 2.80, and 371.3.

§ 319.8 [Amended]

■ 2. In § 319.8(a), the third sentence is amended by adding the words “or she” immediately after the word “he” both times it occurs.

Done in Washington, DC, this 23rd day of February 2006.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2005-22526; Directorate Identifier 2005-NM-008-AD; Amendment 39-14499; AD 2006-05-02]

RIN 2120-AA64

Airworthiness Directives; Boeing Model 747-200F, 747-200C, 747-400, 747-400D, and 747-400F Series Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: The FAA is adopting a new airworthiness directive (AD) for all

Boeing Model 747-200F, 747-200C, 747-400, 747-400D, and 747-400F series airplanes. This AD requires repetitive inspections for cracking of certain fuselage internal structure, and repair if necessary. This AD results from fatigue tests and analysis that identified areas of the fuselage where fatigue cracks can occur. We are issuing this AD to prevent loss of the structural integrity of the fuselage, which could result in rapid depressurization of the airplane.

DATES: This AD becomes effective April 6, 2006.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in the AD as of April 6, 2006.

ADDRESSES: You may examine the AD docket on the Internet at <http://dms.dot.gov> or in person at the Docket Management Facility, U.S. Department of Transportation, 400 Seventh Street SW., Nassif Building, Room PL-401, Washington, DC.

Contact Boeing Commercial Airplanes, P.O. Box 3707, Seattle, Washington 98124-2207, for service information identified in this AD.

FOR FURTHER INFORMATION CONTACT: Ivan Li, Aerospace Engineer, Airframe Branch, ANM-120S, FAA, Seattle Aircraft Certification Office, 1601 Lind Avenue, SW., Renton, Washington 98055-4056; telephone (425) 917-6437; fax (425) 917-6590.

SUPPLEMENTARY INFORMATION:

Examining the Docket

You may examine the airworthiness directive (AD) docket on the Internet at <http://dms.dot.gov> or in person at the Docket Management Facility office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Management Facility office (telephone (800) 647-5227) is located on the plaza level of the Nassif Building at the street address stated in the **ADDRESSES** section.

Discussion

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to include an AD that would apply to all Boeing Model 747-200F, 747-200C, 747-400, 747-400D, and 747-400F series airplanes. That NPRM was published in the **Federal Register** on September 29, 2005 (70 FR 56860). That NPRM proposed to require repetitive inspections for cracking of
