Port Access Routes Study; Along the Sea Coast and in the Approaches to the Cape Fear River and Beaufort Inlet, North Carolina

AGENCY: Coast Guard, DOT.

ACTION: Notice of Study; correction.

SUMMARY: On January 18, 2002 the Coast Guard announced in a **Federal Register** notice of study and request for comments that we were conducting a Port Access Routes Study (PARS) to evaluate the need for vessel routing or other vessel traffic management measures along the sea coast of North Carolina and in the approaches to the Cape Fear River and Beaufort Inlet. In the *Background and Purpose* section of the preamble to the notice, we listed an incorrect expected completion date for the PARS as January 31, 2002. The purpose of this correction is to make clear that the comment period will continue until March 19, 2002, and that the PARS will be completed after a review and analysis of all comments and data collected.

DATES: Comments and related material must reach the Docket Management Facility on or before March 19, 2002.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one to the Docket Management Facility at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this study, we will hold one

Background and Purpose

On January 18, 2002, the Coast Guard published a notice in the **Federal Register** entitled "Port Access Routes Study; Along the Sea Coast and in the Approaches to the Cape Fear River and Beaufort Inlet, North Carolina" (67 FR 2616). In the preamble to the notice we indicated that the study would begin immediately and that we expected to complete the study by January 31, 2002. This incorrect study completion date was based on an earlier projected publishing date of the notice announcing the start of the Port Access Routes Study.

Need for Correction

The study will not be completed before the end of the comment period, which is March 19, 2002. We listed an earlier estimated completion date in the January 18, 2002, notice. The removal of this date is needed to accurately reflect that the study has not yet been completed and that the comment period will remain open until March 19, 2002.

Correction of Publication

In rule FR Doc. 02-1371 published on January 18, 2002, make the following correction: On page 2618, in the first column, starting on line 25, remove the phrase "and we anticipate the study will be completed by January 31, 2002".

Dated: February 19, 2002.

Director of Standards, Marine Safety and Environmental Protection.
