

license and that such fee will be set out in a notice to be published in the **Federal Register**. Accordingly, this notice sets out the fee for the licenses to be issued for the 2026 calendar year.

The total cost to the Department of Agriculture of administering the licensing system for 2026 has been estimated to be \$800,800.00 and the estimated number of licenses expected to be issued is 2,288. Of the total cost, \$598,566.00 represents staff and supervisory costs directly related to administering the licensing system, and \$202,234.00 represents other miscellaneous costs, including travel, publications, and Automatic Data Processing (ADP) system support.

Accordingly, notice is hereby given that the fee for each license issued to a person or firm for the 2026 calendar year, in accordance with 7 CFR 6.33, will be \$350 per license.

Daniel B. Whitley,

Administrator, Foreign Agricultural Service.

BILLING CODE 3410–10–P

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

[Docket ID: NRCS–2025–0071]

Information Collection Request for Volunteer Program—Earth Team

AGENCY: Natural Resources Conservation Service, USDA.

ACTION: Notice; request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act, the Natural Resources Conservation Service (NRCS) is requesting comments from all interested individuals and organizations on an extension of a currently approved information collection associated with Volunteer Program—Earth Team. The Volunteer Interest and Placement Summary and the Timesheet forms are used by the respondents. The information NRCS collects on the forms is used to match the skills of individuals, who are 14 years of age or older and interested in volunteering for opportunities that will further NRCS's mission.

Applicable Dates: We will consider comments that we receive by October 14, 2025.

ADDRESSES: We invite you to submit comments on this notice. You may submit comments, identified by Docket ID: NRCS–2025–0071, in the Federal eRulemaking Portal: Go to [http://](http://www.regulations.gov)

www.regulations.gov. Follow the online instructions for submitting comments.

You may also send comments to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: For specific questions related to the collection activities or to request a copy of the information collection, contact Toni Flax, Legislative Affairs Specialist, 610 N Middle, Hill City KS, (785–421–8373), or Toni.Flax@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Volunteer Program—Earth Team.

OMB Number: 0578–0024.

Expiration Date of Approval: January 31, 2026.

Type of Request: Extension.

Abstract: NRCS is collecting information from individuals who are interested in volunteering to work with NRCS. The information will be used by NRCS to assign the volunteer to an appropriate position, and to track their volunteer time. Collection of this information is necessary to match volunteers with NRCS assignments as authorized by section 1526 of the Food and Agriculture Act of 1981 (Pub. Law 97–98). NRCS is authorized to recruit, train, and accept (following Civil Service classification laws, rules, or regulations) individuals to serve without compensation. Subject to certain conditions, most volunteers may assist in agency programs or projects, and may perform activities that the employees may perform. The two forms Volunteer Interest and Placement Summary Forms, NRCS–PER–002, and Timesheet Form, NRCS–PER–004, are used to collect information from the individuals.

The timesheet is an optional form and provides the volunteer or volunteer's supervisor a simplified method for tracking the volunteer's time. The form is placed in a volunteer "case file" and will be destroyed 3 years after the volunteer has completed service. In the event the volunteer is injured while engaged in volunteer activities and claims workman's compensation, the "case file" will be transferred to an Official Personnel Folder.

The information collection burden estimates have been updated. There were no other revisions required.

Estimate of Average Time to Respond: Public reporting burden for this collection of information is estimated to average 4 minutes per response.

Type of Respondents: Retirees, students, teachers, or senior citizens.

Estimated Annual Number of Respondents: 7,120.

Estimated Number of Responses per Respondent: 1.5.

Estimated Total Annual Responses: 14,440.

Estimated Total Annual Burden on Respondents: 964.59 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of NRCS, including whether the information will have practical utility;

(2) Evaluate the accuracy of the estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses received in response to this notice, including names and addresses when provided, will be a matter of public records. Comments will be summarized and included in the submission for Office of Management and Budget approval.

Aubrey Bettencourt,

Chief, Natural Resources Conservation Service.

Sol Gel Alumina-Based Ceramic Abrasive Grains From the People’s Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: The U.S. Department of Commerce (Commerce) determines that sol gel alumina-based ceramic abrasive grains (ceramic abrasive grains) from the People’s Republic of China (China) are being, or are likely to be, sold in the United States at less-than-fair-value (LTFV). The period of investigation (POI) is April 1, 2024, through September 30, 2024.
DATES: Applicable August 15, 2025.
FOR FURTHER INFORMATION CONTACT: Thomas Cloyd, AD/CVD Operations, Office VII, Enforcement and

Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1246.

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2025, Commerce published in the **Federal Register** the *Preliminary Determination* in this investigation and invited interested parties to comment.¹ We received no comments or case briefs addressing any of the findings in the *Preliminary Determination*; therefore, we made no changes, and no decision memorandum accompanies this notice. The *Preliminary Determination* is hereby adopted as this final determination. The deadline for the final determination is August 11, 2025.

Scope of the Investigation

The product covered by this investigation is ceramic abrasive grains from China. For a complete description of the scope of this investigation, *see* the appendix to this notice.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination* and accompanying Preliminary Scope Decision Memorandum.² Therefore, we

made no changes to the scope of the investigation.

China-Wide Entity and Use of Adverse Facts Available (AFA)

For the purposes of this final determination, consistent with the *Preliminary Determination*,³ we relied solely on the application of AFA for the China-wide entity, pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act). Further, because no companies are eligible for a rate separate from the China-wide entity, we continue to find that all Chinese producers or exporters of ceramic abrasive grains are part of the China-wide entity. No interested party submitted comments on the *Preliminary Determination*. Thus, we made no changes to our analysis or to the China-wide entity’s dumping margin for the final determination. A detailed discussion of our application of AFA is provided in the *Preliminary Determination*.⁴

Combination Rates

Because no Chinese exporters qualified for a separate rate, producer/exporter combination rates were not calculated for this final determination.

Final Determination

The final estimated dumping margin is as follows:

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset) (percent)
China-wide Entity	* 88.32	72.22

* Rate based on facts available with adverse inferences.

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with a final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce continues to find that all Chinese producers or exporters of ceramic abrasive grains are part of the China-wide entity and continues to rely solely on the application of AFA for the China-wide

entity, there are no calculations to disclose for this final determination.

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of subject merchandise, as described in the appendix to this notice, entered, or withdrawn from warehouse, for consumption on or after June 2, 2025, which is the date of publication of the affirmative *Preliminary Determination* in the **Federal Register**, at the cash deposit rate indicated above.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), we will instruct CBP to require a cash deposit for such entries of merchandise equal to the amount by which the normal value exceeds the U.S. price as follows: (1) for all Chinese producers or exporters of subject merchandise, the cash deposit rate will be equal to the estimated dumping margin established for the China-wide entity, adjusted for the subsidy offset as appropriate; and (2) for all third country exporters of subject merchandise, the cash deposit rate is also the cash deposit rate applicable to the China-wide entity, adjusted for the subsidy offset as appropriate. These
