SUPPLEMENTARY INFORMATION:

Background

On December 14, 2018, Commerce published its final results in the 2016–2017 antidumping duty administrative review of diamond sawblades and parts thereof from China.¹ Commerce applied to non-selected respondents the separate rate assigned to eligible respondents in the last completed administrative review prior to the instant review, which was 82.05 percent.

The Separate Rate Respondents appealed Commerce's *Final Results*. On January 13, 2023, the CIT remanded the *Final Results* to Commerce, granting Commerce's request to consider the effect of recently completed litigation of the prior administrative review² on the *Final Results*.³ In its final results of redetermination, issued on April 7, 2023, Commerce revised the rate (*i.e.*, from 82.05 percent to 41.03 percent) for the Separate Rate Respondents.⁴ The CIT sustained Commerce's *Final Remand*.⁵
