

Paducah Project Office, 139 FERC ¶ 61,054 (2012).

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Federal Energy Regulatory Commission

Notice of International Meeting

The Federal Energy Regulatory Commission hereby gives notice that the agency will host an international meeting of the Asia Pacific Energy Regulatory (APER) Forum on August 1-2, 2012 at its headquarters, 888 First Street NE., Washington, DC 20426. Commissioners and staff will take part in this event. Commissioner Philip Moeller and Commissioner John R. Norris are co-chairs of the event.

The meetings are expected to begin at 8:30 a.m. and end at 5:00 p.m. Eastern Time on both days. An agenda of the conference is attached to this notice.

Those wishing to attend this event are encouraged to register using the on-line form located at: <https://www.ferc.gov/aper-forum/aper-8-1-12-form.asp>.

The APER Forum was established as a recommendation at the 3rd Energy Regulatory and Market Development Forum, which operated under the Asia-Pacific Partnership on Clean Development and Climate (APP). The APP was an international partnership between the United States, South Korea, Japan, India, Canada, China and Australia aimed at addressing the challenges of climate change, energy security and air pollution in a way that encouraged economic development and reduced poverty. The APER Forum builds upon the work begun under the APP.

The APER Forum is designed to bring together policymakers, regulators, energy industry participants, academics, regulatory research organizations, and grid and market operators from Asian and Pacific countries to engage in meaningful information exchanges on matters relating both to electricity and to natural gas. The APER Forum is voluntary in nature and intends to provide an ongoing experience for information exchange on the development and application of best practices in regulatory and market arrangements. The first meeting was sponsored by Australia and held in 2010.

This year marks the second biennial meeting of the APER Forum. The event will include delegations from the United States, Canada, Australia, China, India, New Zealand, Thailand and Singapore. Other attendees include regulators from Pakistan, Ghana and the Czech Republic. It will focus on three major issues:
