We will summarize any comments you submit and include the summary in our request for OMB approval. All comments will become a matter of public record.

In this notice, we solicit comments concerning the following information collection:

Title: Independent researcher listing application.

OMB number: 3095–0054.

Agency form numbers: NA Form 14115 (Independent Researcher Listing Application).

Type of review: Regular.

Affected public: Individuals or households.

Estimated number of respondents: 300.

Estimated time per response: 10 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 50 hours.

Abstract: Collecting information to populate the independent researcher application listing is a service we provide to researchers and those who wish to hire them. In the past, at the request of customers, the National Archives made use of various lists of independent researchers who perform freelance research for hire in the Washington, DC, area. We sent these lists upon request to researchers who could not travel to the metropolitan area to conduct their own research. To better accommodate both the public and NARA staff in this process, the Archival Operations division of the National Archives began to maintain a listing of independent researchers who wished to participate. To populate that list, we allow interested independent researchers to provide their contact information for this purpose on NA Form 14115. Collecting contact and other key information from each independent researcher and providing such information to the public when appropriate increases researcher

business. This form is voluntary and is not a burden to an independent researcher who chooses to submit one. Inclusion on the list is not an endorsement by NARA. The listing is compiled and disseminated as a service to the public.

Swarnali Haldar,

Executive for Information Services/CIO.
