SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the [regulations.gov](https://www.regulations.gov) docket for this notice as “other” documents. Each records schedule contains a full description of the records

at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the [regulations.gov](https://www.regulations.gov) portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on [regulations.gov](https://www.regulations.gov) a “Consolidated Reply” summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at [regulations.gov](https://www.regulations.gov) to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified

period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records’ administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government’s activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist’s consideration process.

SUPPLEMENTARY INFORMATION: The NCUA proposes to extend for three years, with revision, the NCUA Form 5300 Call Report.

OMB Number: 3133-0004.

Title: NCUA Form 5300 Call Report.

Type of Review: Revision and extension of a currently approved collection.

Abstract: Sections 106 and 202 of the Federal Credit Union Act require federally insured credit unions (FICUs) to make financial and other reports to the NCUA. Section 741.5 prescribes the method in which federally insured credit unions must submit this information to NCUA. NCUA Form 5300, Call Report, is used to file quarterly financial and statistical data through NCUA’s online portal, CUOnline. The financial and statistical information is essential to NCUA in carrying out its responsibility for supervising federal credit unions. This information facilitates NCUA monitoring of credit unions with share accounts insured by the National Credit Union Share Insurance Fund (NCUSIF).

Affected Public: Private sector: Not-for-profit institutions.

Respondents: All federally insured credit unions.

Estimated Number of Respondents: 4,533.

Estimated Average Burden per Response: 4.0 hours.

Estimated Total Annual Burden Hours: 72,528.

Reason for Change: The number of respondents decreased.

The proposed revisions to the Form 5300 instructions in this notice would not have a material impact on the existing burden estimates.

Legal Basis and Need for Collections: The Call Report Form 5300 information

collections are mandatory under 12 U.S.C. 1756, 1766, and 1782. Except for select sensitive items, the Call Report Form 5300 is not given confidential treatment.

Credit union data reported on the Call Report is essential to the NCUA supervision and regulation of federal credit unions. This information also facilitates the NCUA monitoring of other credit unions with share accounts insured by the National Credit Union Share Insurance Fund.

Credit unions submit Call Report data to the NCUA quarterly. Call Report data serve a regulatory or public policy purpose by assisting the NCUA in fulfilling its mission of ensuring the safety and soundness of individual credit unions and the credit union system, protecting consumer financial rights, as well as agency-specific missions affecting federal and state-chartered credit unions, such as ensuring financial stability and administering share insurance.
