Vertical Metal File Cabinets From the People's Republic of China: Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing the antidumping duty (AD) and countervailing duty (CVD) orders on vertical metal file cabinets (file cabinets) from the People's Republic of China (China).

DATES: Applicable December 13, 2019.

FOR FURTHER INFORMATION CONTACT: Kathryn Wallace at (202) 482-6251, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d) and 735(d) of the Tariff Act of 1930, as amended (the Act), on October 25, 2019, Commerce published its affirmative final determination of sales at less-than-fair-value (LTFV)¹ and its affirmative final determination that countervailable subsidies are being provided to

producers and exporters of file cabinets from China.²

On December 2, 2019, the ITC notified Commerce of its final affirmative determination that an industry in the United States is materially injured by reason of LTFV imports and subsidized imports of file cabinets from China, within the meaning of section 705(b)(1)(A)(i) and 735(b)(1)(A)(i) of the Act.³

Scope of the Orders

The products covered by these orders are file cabinets from China. For a complete description of the scope of the orders, see Appendix I of this notice.

AD Order

On December 2, 2019, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of file cabinets from China that are sold in the United States at LTFV.⁴ Therefore, in accordance with section 735(c)(2) of the Act, we are issuing this AD order. Because the ITC determined that imports of file cabinets from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from China entered, or withdrawn from warehouse, for consumption are subject to the assessment of antidumping duties, as described below.

In accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the subject merchandise, for all relevant entries of file cabinets from China. Antidumping duties will be assessed on unliquidated entries of file cabinets

from China entered, or withdrawn from warehouse, for consumption on or after August 1, 2019, the date of publication of the *LTFV Preliminary Determination*⁵ but will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC's final affirmative injury determination, as further described below.

Suspension of Liquidation—AD⁶

In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to reinstate suspension of liquidation on all relevant entries of file cabinets from China, effective on the date of the publication of the ITC's final affirmative injury determination in the **Federal Register**, and to assess, upon further instruction by Commerce pursuant to section 736(a)(1) of the Act, antidumping duties for each entry of the subject merchandise equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the merchandise. These instructions suspending liquidation will remain in effect until further notice. For each producer and exporter combination, Commerce will also instruct CBP to require cash deposits for estimated antidumping duties equal to the cash deposit rates listed below.

Accordingly, effective on the date of publication of the *ITC Final Determination*, CBP will require, at the same time as an importer of record would normally deposit estimated duties on the subject merchandise, a cash deposit based on the rates listed below.⁷ As stated in the *LTFV Final Determination*, Commerce made certain adjustments for export subsidies from the *CVD Final Determination* to the estimated weighted-average dumping margin to determine each of the cash deposit rates.

Producer	Exporter	Estimated weighted-average dumping margin (percent)	Cash Deposit Rate (percent)
China-Wide Entity	China-Wide Entity	198.50	160.77

⁵ See *Vertical Metal File Cabinets from the People's Republic of China: Preliminary Determination of Sales at Less-Than-Fair Value*, 83 FR 37618 (August 1, 2019) (*LTFV Preliminary Determination*).

⁶ Section 733(d) of the Act states that suspension of liquidation instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request Commerce to extend that four-month period

to no more than six months. Commerce published its *LTFV Preliminary Determination* on August 1, 2019. Therefore, the four-month period, beginning on the date of publication of the *LTFV Preliminary Determination*, ends on December 1, 2019.

⁷ See section 736(a)(3) of the Act.

CVD Order

On December 2, 2019, in accordance with section 705(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of subsidized imports of file cabinets from China.⁸ Therefore, in accordance with section 705(c)(2) of the Act, we are issuing this CVD order. Because the ITC determined that imports of file cabinets from China are materially injuring a U.S. industry, unliquidated entries of such merchandise from China entered, or withdrawn from warehouse, for consumption are subject to the assessment of countervailing duties, as described below.

As a result of the ITC's final determination, in accordance with section 706(a)(1) of the Act, Commerce will direct CBP to assess, upon further instruction by Commerce, countervailing duties on all relevant entries of file cabinets from China. Countervailing duties will be assessed on unliquidated entries of file cabinets from China entered, or withdrawn from warehouse, for consumption on or after August 1, 2019, the date of publication of the *CVD Preliminary Determination*,⁹ but will not be assessed on entries occurring after the expiration of the provisional measures period and before publication of the ITC's final affirmative injury determination, as further described below.

Suspension of Liquidation—CVD¹⁰

In accordance with section 705(c)(1)(B) of the Act, we will instruct CBP to reinstitute suspension of liquidation on all relevant entries of file cabinets from China. These instructions suspending liquidation will remain in effect until further notice. Commerce will also instruct CBP to require cash deposits equal to the amounts as indicated below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on the subject

merchandise, a cash deposit for each entry of subject merchandise equal to the subsidy rates listed below.¹¹ The all-others rate applies to all producers or exporters not specifically listed below, as appropriate.

Companies	Subsidy rate (percent)

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Orders

The scope of these orders covers freestanding vertical metal file cabinets containing two or more extendable file storage elements and having an actual width of 25 inches or less.

The subject vertical metal file cabinets have bodies made of carbon and/or alloy steel and or other metals, regardless of whether painted, powder coated, or galvanized or otherwise coated for corrosion protection or aesthetic appearance. The subject vertical metal file cabinets must have two or more extendable elements for file storage (e.g., file drawers) of a height that permits hanging files of either letter (8.5" x 11") or legal (8.5" x 14") sized documents.

An "extendable element" is defined as a movable load-bearing storage component including, but not limited to, drawers and filing frames. Extendable elements typically have suspension systems, consisting of glide blocks or ball bearing glides, to facilitate opening and closing.

The subject vertical metal file cabinets typically come in models with two, three, four, or five-file drawers. The inclusion of one or more additional non-file-sized extendable storage elements, not sized for storage files (e.g., box or pencil drawers), does not remove an otherwise in-scope product from the scope as long as the combined height of the non-file-sized extendable storage elements does not exceed six inches. The inclusion of an integrated storage area that is not extendable (e.g., a

cubby) and has an actual height of six inches or less, also does not remove a subject vertical metal file cabinet from the scope. Accessories packaged with a subject vertical file cabinet, such as separate printer stands or shelf kits that sit on top of the in-scope vertical file cabinet are not considered integrated storage.

"Freestanding" means the unit has a solid top and does not have an open top or a top with holes punched in it that would permit the unit to be attached to, hung from, or otherwise used to support a desktop or other work surface. The ability to anchor a vertical file cabinet to a wall for stability or to prevent it from tipping over does not exclude the unit from the scope.

The addition of mobility elements such as casters, wheels, or a dolly does not remove the product from the scope. Packaging a subject vertical metal file cabinet with other accessories, including, but not limited to, locks, leveling glides, caster kits, drawer accessories (e.g., including but not limited to follower wires, follower blocks, file compressors, hanger rails, pencil trays, and hanging file folders), printer stand, shelf kit and magnetic hooks, also does not remove the product from the scope. Vertical metal file cabinets are also in scope whether they are imported assembled or unassembled with all essential parts and components included.

Excluded from the scope are lateral metal file cabinets. Lateral metal file cabinets have a width that is greater than the body depth, and have a body with an actual width that is more than 25 inches wide.

Also excluded from the scope are pedestal file cabinets. Pedestal file cabinets are metal file cabinets with body depths that are greater than or equal to their width, are under 31 inches in actual height, and have the following characteristics: (1) An open top or other the means for the cabinet to be attached to or hung from a desktop or other work surface such as holes punched in the top (i.e., not freestanding); or (2) freestanding file cabinets that have all of the following: (a) At least a 90 percent drawer extension for all extendable file storage elements; (b) a central locking system; (c) a minimum weight density of 9.5 lbs./cubic foot; and (d) casters or leveling glides.

"Percentage drawer extension" is defined as the drawer travel distance divided by the inside depth dimension of the drawer. Inside depth of drawer is measured from the inside of the drawer face to the inside face of the drawer back. Drawer extension is the distance the drawer travels from the closed position to the maximum travel position which is limited by the out stops. In situations where drawers do not include an out stop, the drawer is extended until the drawer back is 3½ inches from the closed position of inside face of the drawer front. The "weight density" is calculated by dividing the cabinet's actual weight by its volume in cubic feet (the multiple of the product's actual width, depth, and height). A "central locking system" locks all drawers in a unit.

Also excluded from the scope are fire proof or fire-resistant file cabinets that meet Underwriters Laboratories (UL) fire protection standard 72, class 350, which

⁸ See ITC Notification.

⁹ See *Vertical Metal File Cabinets from the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination*, 84 FR 37622 (August 1, 2019) (*CVD Preliminary Determination*).

¹⁰ Section 703(d) of the Act states that suspension of liquidation instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months. Commerce published its *LTFV Preliminary Determination* on August 1, 2019. Therefore, the four-month period beginning on the date of publication of the *LTFV Preliminary Determination* ends on December 1, 2019.

covers the test procedures applicable to fire-resistant equipment intended to protect paper records.

The merchandise subject to the orders is classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.10.0020. The subject merchandise may also enter under HTSUS subheadings 9403.10.0040, 9403.20.0080, and 9403.20.0090. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on June 3, 2019.¹ On October 1, 2019, Commerce postponed the preliminary determination of this investigation and the revised deadline is now December 4, 2019.² For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are certain quartz surface products from India. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*.
