

open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

More specifically, the Exchange believes that the proposed changes are consistent with the Act as they are designed to promote just and equitable principles of trade and protect investors and the public interest. Because options trades are used to hedge transactions in other markets, including securities and futures, many market participants would rather adjust prices of executions rather than nullify the transactions and, thus, lose a hedge altogether. As such, the Exchange believes it is in the best interest of investors to allow for price adjustments as well as nullifications. In addition, the Exchange believes it is in the nature of a fair and orderly market to allow for price adjustments rather than only cancellations because an adjustment will result in the least amount of disruption to the overall market. In addition, the Exchange does not believe that the proposed changes are unfairly discriminatory because they will be applied to all Trading Permit Holders equally. Finally, as noted above, proposed Rule 6.20 is based on CBOE Rule 6.19.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In fact, the Exchange believes that the proposed rule change will foster competition as it will allow for less overall disruption to the market and encourage participation on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

A. Significantly affect the protection of investors or the public interest;

B. impose any significant burden on competition; and

C. become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

December 12, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on December 2, 2014, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

eligible for designation as an Immediate-or-Cancel order (“IOC Order”). The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend 900.3NY(k) to disallow Market Orders from being eligible for designation as an IOC Order.

Per Rule 900.3NY(k), an IOC Order is defined as “A Market or Limit Order that is to be executed in whole or in part on the Exchange as soon as such order is received, and the portion not so executed is to be treated as canceled. Per 900.3NY(a), “[a] Market Order is an order to buy or sell a stated number of option contracts and is to be executed at the best price obtainable when the order reaches the Exchange.” Market participants entering a Market Order are instructing the Exchange to execute their order in its entirety at the best price, immediately upon arrival at the Exchange, subject to Trade Collar Protection set forth in Rule 967NY(a).

The Exchange believes that attaching the IOC time-in-force condition to a Market Order is unnecessary because Market Orders, by definition, are intended to be executed at the best price available at the Exchange. In essence, except when subject to Trade Collar Protection, a Market Order already operates similarly to an order with an IOC time-in-force condition. To streamline the offerings of Exchange order types, the Exchange therefore proposes to eliminate the ability to designate a Market Orders [sic] as an IOC Order. The Exchange believes the proposed change would assist with the maintenance of fair and orderly markets

because it would reduce the complexity of order types available to market participants and would help clarify the nature of order types available for trading on the Exchange.

Implementation

The Exchange will announce the implementation date of this change through a Trader Update.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)⁴ of the Securities Exchange Act of 1934 (the “Act”), in general, and furthers the objectives of Section 6(b)(5),⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. Specifically, the Exchange believes the proposed change would assist with the maintenance of fair and orderly markets because it would reduce the complexity of order types available to market participants, thereby adding transparency and clarity to the Exchange’s rules, and would help clarify the nature of order types available for trading on the Exchange. The Exchange further believes that deleting the IOC time-in-force modifier for Market Orders would also remove impediments to and perfect the mechanism of a free and open market by ensuring that members, regulators and the public can more easily navigate the Exchange’s rulebook and better understand the order types available for trading on the Exchange. Moreover, the Exchange believes that the elimination of the IOC time-in-force modifier for Market Orders would simplify order processing and reduce the burden on system capacity, which the Exchange believes is consistent with promoting just and equitable principles of trade as well as protecting investors and the public interest.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that the proposed rule change would relieve a burden on

competition by eliminating an order type and streamlining the Exchange’s rule. In doing so, the proposed rule change would also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.⁸

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the effective time period of the Penny Pilot Program that is currently scheduled to expire on December 31, 2014, for an additional six months, through June 30, 2015.³ The Penny Pilot Program permits certain classes to be quoted in penny increments. The Exchange may replace any Pilot Program classes that have been delisted on the second trading day following January 1, 2015.
