

person may file an application for review by the SSS within 30 days of the date of the notification of action on the complaint or the corrective action. Applications for review must be submitted in writing to the SSS, Office of the Director, 1515 Wilson Blvd., Arlington, Virginia, 22209-2425. E-mail copies of the written appeal may be sent, beginning October 1, 2002, to Information@sss.gov.

A. The written appeal must include a copy of the original complaint and the response thereto, and an explanation of how the initial resolution of the complaint or the corrective action was contrary to the SSS' or OMB's information quality guidelines.

B. Applications for review will be resolved within 120 days. The SSS, in appropriate cases, may deny an application for review without providing reasons.

V. Reporting Requirements

1. On an annual fiscal-year basis, the SSS shall submit a report to the Director of OMB providing information (both quantitative and qualitative, where appropriate) on the number and nature of complaints received regarding compliance with OMB guidelines, and how such complaints were resolved.

2. The report shall be submitted no later than January 1 of each following year.

3. The first report shall be submitted by January 1, 2004.

VI. Effective Dates

1. Pre-dissemination review under section III, above, shall apply to information dissemination products that the SSS first disseminates on or after October 1, 2002.

2. The administrative mechanisms noted in section IV shall apply only to information dissemination products that the SSS disseminates on or after October 1, 2002, regardless of when the SSS first disseminated the information.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Procedures for Consideration of New Requests for Exclusion of Particular Products From Actions With Regard to Certain Steel Products Under Section 203 of the Trade Act of 1974, as Established in Presidential Proclamation 7529 of March 5, 2002

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: Presidential Proclamation 7529 of March 5, 2002 established actions under section 203 of the Trade Act of 1974, as amended, (19 U.S.C. 2253) (safeguard measures) with regard to certain steel products, and authorized the United States Trade Representative (USTR) to further consider requests for exclusion of particular products from the safeguard measure that had been submitted in accordance with a **Federal Register** notice published on October 26, 2001 (66 FR 54321). In a notice published on April 18, 2002 (67 FR 19307), USTR established procedures for further consideration of such requests and provided that, to the extent possible, it would consider new exclusion requests submitted after the time period specified in the notice of October 26, 2001. It asked interested persons requesting new exclusion requests to submit such requests by May 20, 2002. Subsequently, in a **Federal Register** notice published on May 21, 2002, (67 FR 35852), USTR indicated that it would announce a date for submitting objections to those new exclusion requests submitted by May 20, 2002. The process for submitting objections is described below.

DATES: For exclusion requests submitted on May 20, 2002, and posted on the USTR Web site on June 5, submit completed objector's questionnaires by 5:00 p.m. on June 19, 2002. For exclusion requests posted on subsequent dates, a date and time for submission of the objector's questionnaires will be posted on the USTR Web site.

FOR FURTHER INFORMATION CONTACT: Office of Industry, Office of the United States Trade Representative, 600 17th Street, NW, Room 501, Washington DC 20508. Telephone (202) 395-5656.

SUPPLEMENTARY INFORMATION: On October 22, 2001, the U.S. International Trade Commission (ITC) issued affirmative determinations under section 202(b) of the Trade Act (22 U.S.C. 2252(b)) that (1) carbon and alloy steel slabs, plate (including cut-to-length plate and clad plate), hot-rolled sheet and strip (including plate in coils), cold-rolled sheet and strip (other than grain-oriented electrical steel), and corrosion-resistant and other coated sheet and strip; (2) carbon and alloy hot-rolled bar and light shapes; (3) carbon and alloy cold-finished bar; (4) rebar; (5) carbon and alloy welded tubular products (other than oil country tubular goods); (6) carbon and alloy flanges, fittings, and tool joints; (7) stainless steel bar and light shapes; and (8)
