Type of Review: Reinstatement.

Title of Collection: Application for Grants Under the Minority Science and Engineering Improvement Program.

OMB Control Number: 1840-0109.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: Not-for-profit institutions; State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 200.

Total Estimated Annual Burden Hours: 8,000.

Abstract: The information on the applicant's eligibility form will be collected annually from applicants who desire to apply for awards under Title III, Part E—Minority Science and Engineering Improvement Program (MSEIP). Applicants for MSEIP include public and private, non-profit postsecondary institutions, non-profit science-oriented organizations, and professional scientific societies. Without the collection of this information, the Department cannot properly screen applicants for eligibility and therefore, cannot award new grants in accordance with the Congressional intent of this program. The program staff and peer reviewers will use the information collected to evaluate applications and make funding decisions.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

DATES:

Applications Available: March 30, 2011.

Deadline for Notice of Intent to Apply: April 29, 2011.

Date of Pre-Application Meeting: April 18, 2011.

Deadline for Transmittal of Applications: May 31, 2011.

Deadline for Intergovernmental Review: July 13, 2011.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Transition to Teaching program encourages (1) the development and expansion of alternative routes to full State teacher certification, as well as (2) the recruitment and retention of highly qualified mid-career professionals, recent college graduates, and highly qualified paraprofessionals as teachers in high-need schools operated by high-need local educational agencies (LEAs), including charter schools that operate as high-need LEAs.

Priorities: This notice contains two competitive preference priorities and one invitational priority that are explained in the following paragraphs.

Competitive Preference Priorities: Competitive Preference Priority 1 is from section 2313(c) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 6683(c)). Competitive Preference Priority 2 is from the notice of final supplemental priorities and definitions for discretionary grant programs, published in the **Federal Register** on December 15, 2010 (75 FR 78486). For FY 2011 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional three points to an application that meets Competitive Preference Priority 1. Furthermore, we award up to an additional four points to an application that meets Competitive Preference Priority 2. These points are in addition to any points the application earns under the selection criteria. Addressing these priorities is optional and applicants may choose to respond to one or both of the competitive priorities for this competition.

These priorities are:

Competitive Preference Priority 1—Partnerships or Consortia That Include a High-need LEA or High-need SEA.

This priority supports projects that are designated and implemented in active partnerships or consortia that include at least one high-need LEA or high-need SEA.

Competitive Preference Priority 2—Promoting Science, Technology, Engineering, and Mathematics (STEM) Education.

Projects that are designed to address one or both of the following priority areas:

(a) Increasing the opportunities for high-quality preparation of, or professional development for, teachers or other educators of STEM subjects.

(b) Increasing the number of individuals from groups traditionally underrepresented in STEM, including minorities, individuals with disabilities, and women, who are teachers or educators of STEM subjects and have increased opportunities for high-quality preparation or professional development.

Invitational Priority: Under this competition, the Department is particularly interested in applications that address the following priority. For FY 2011 and any subsequent year in which we make awards based on the list of unfunded applicants from this competition, this priority is an invitational priority. Under 34 CFR
